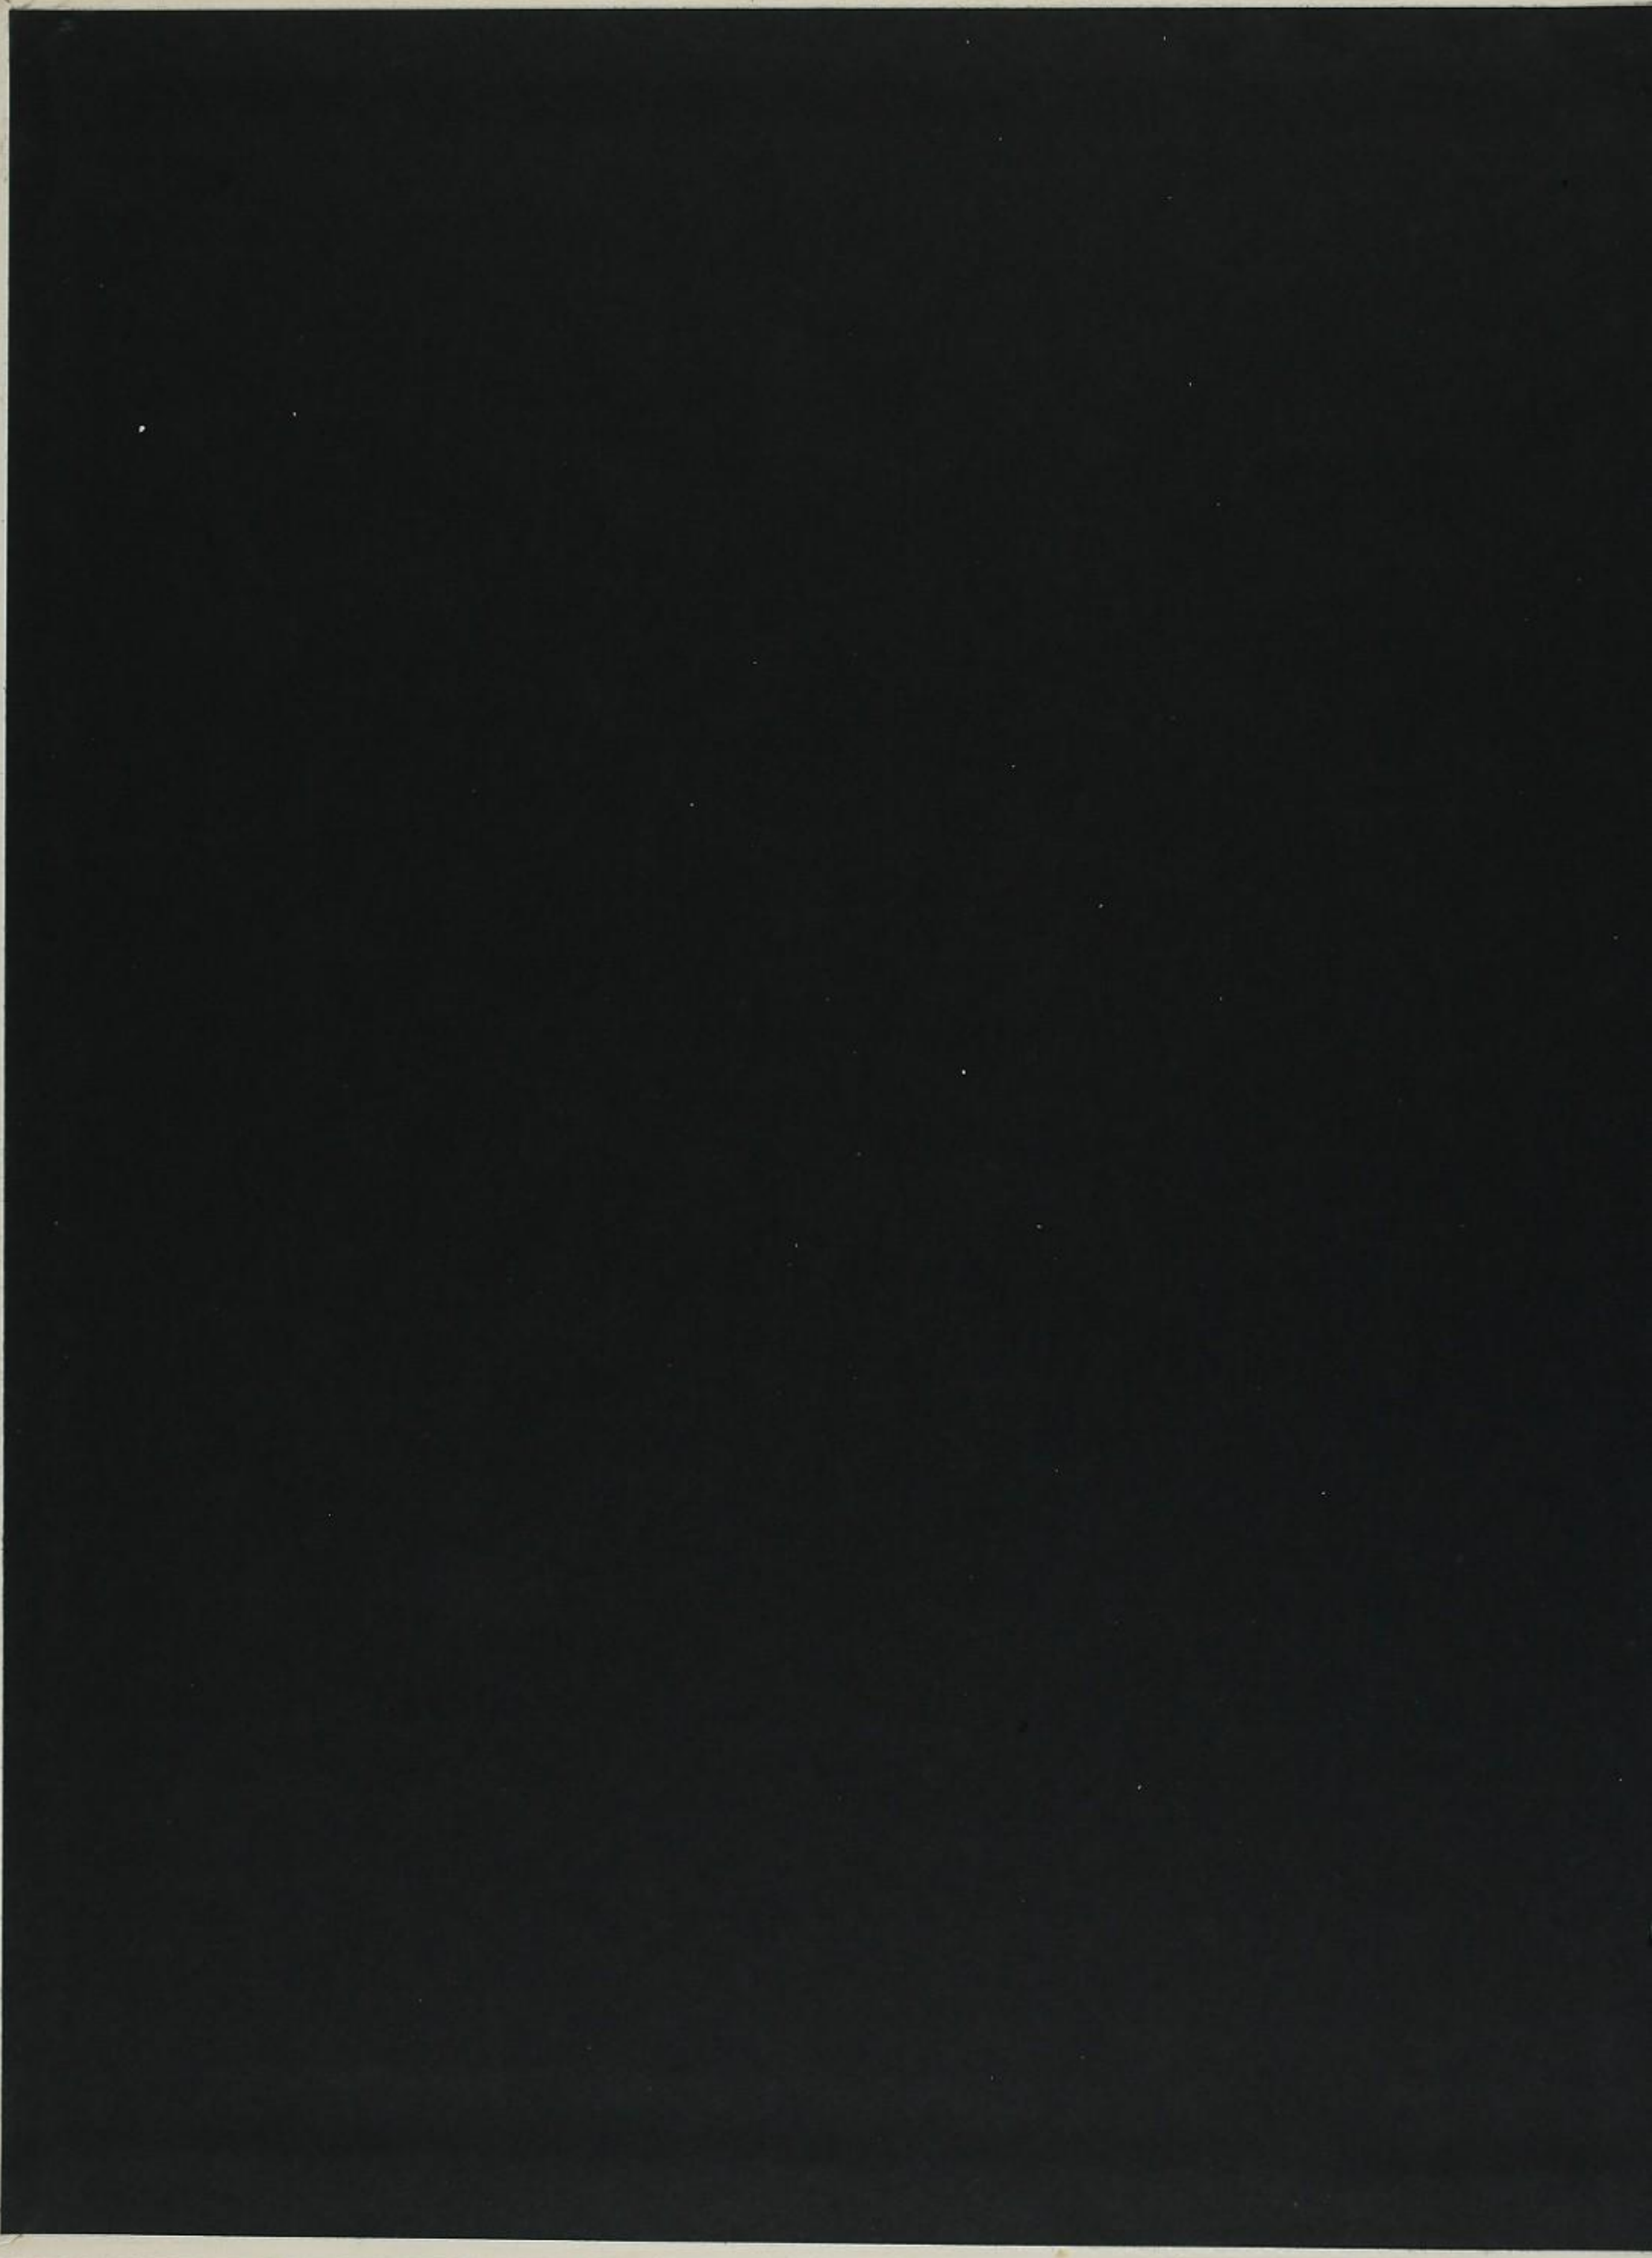
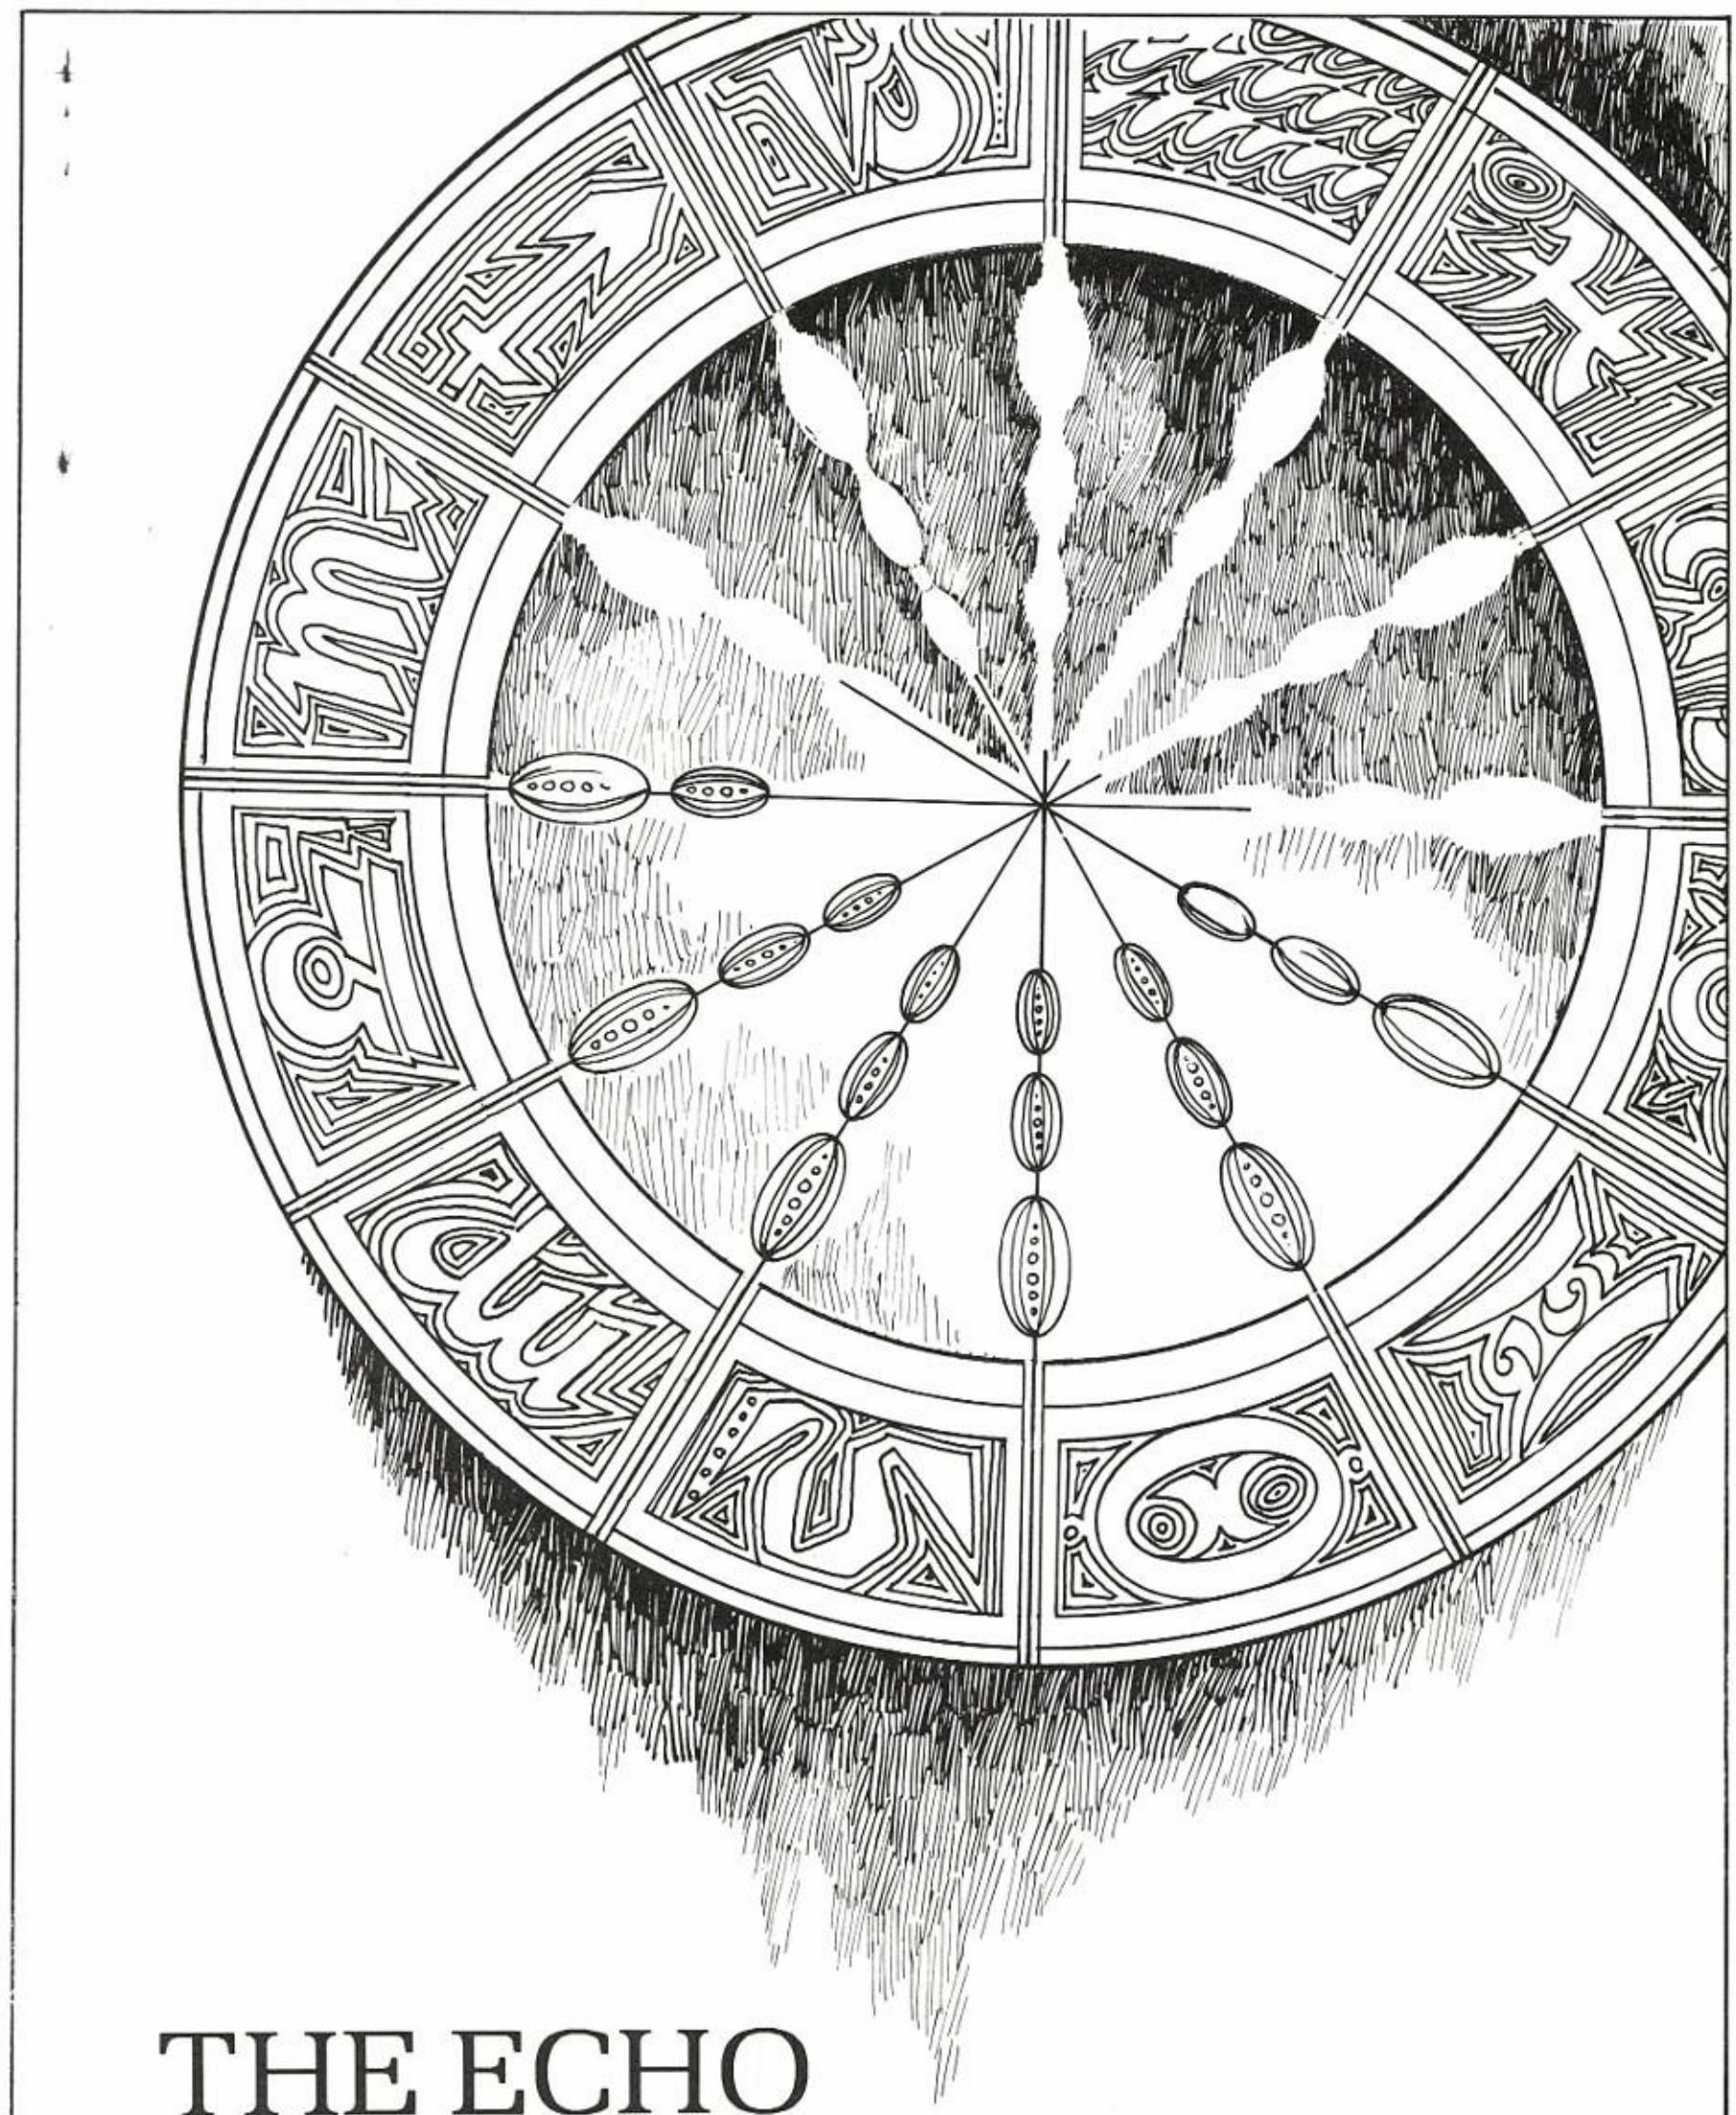
THE ECHO



It was a very good year!



THE ECHO

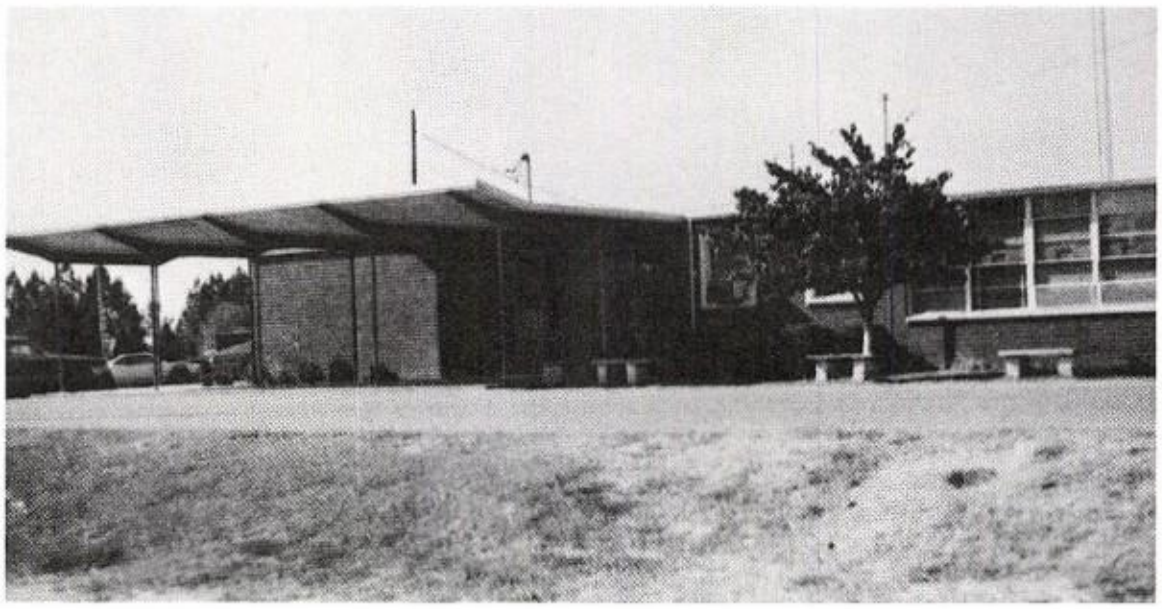
1974

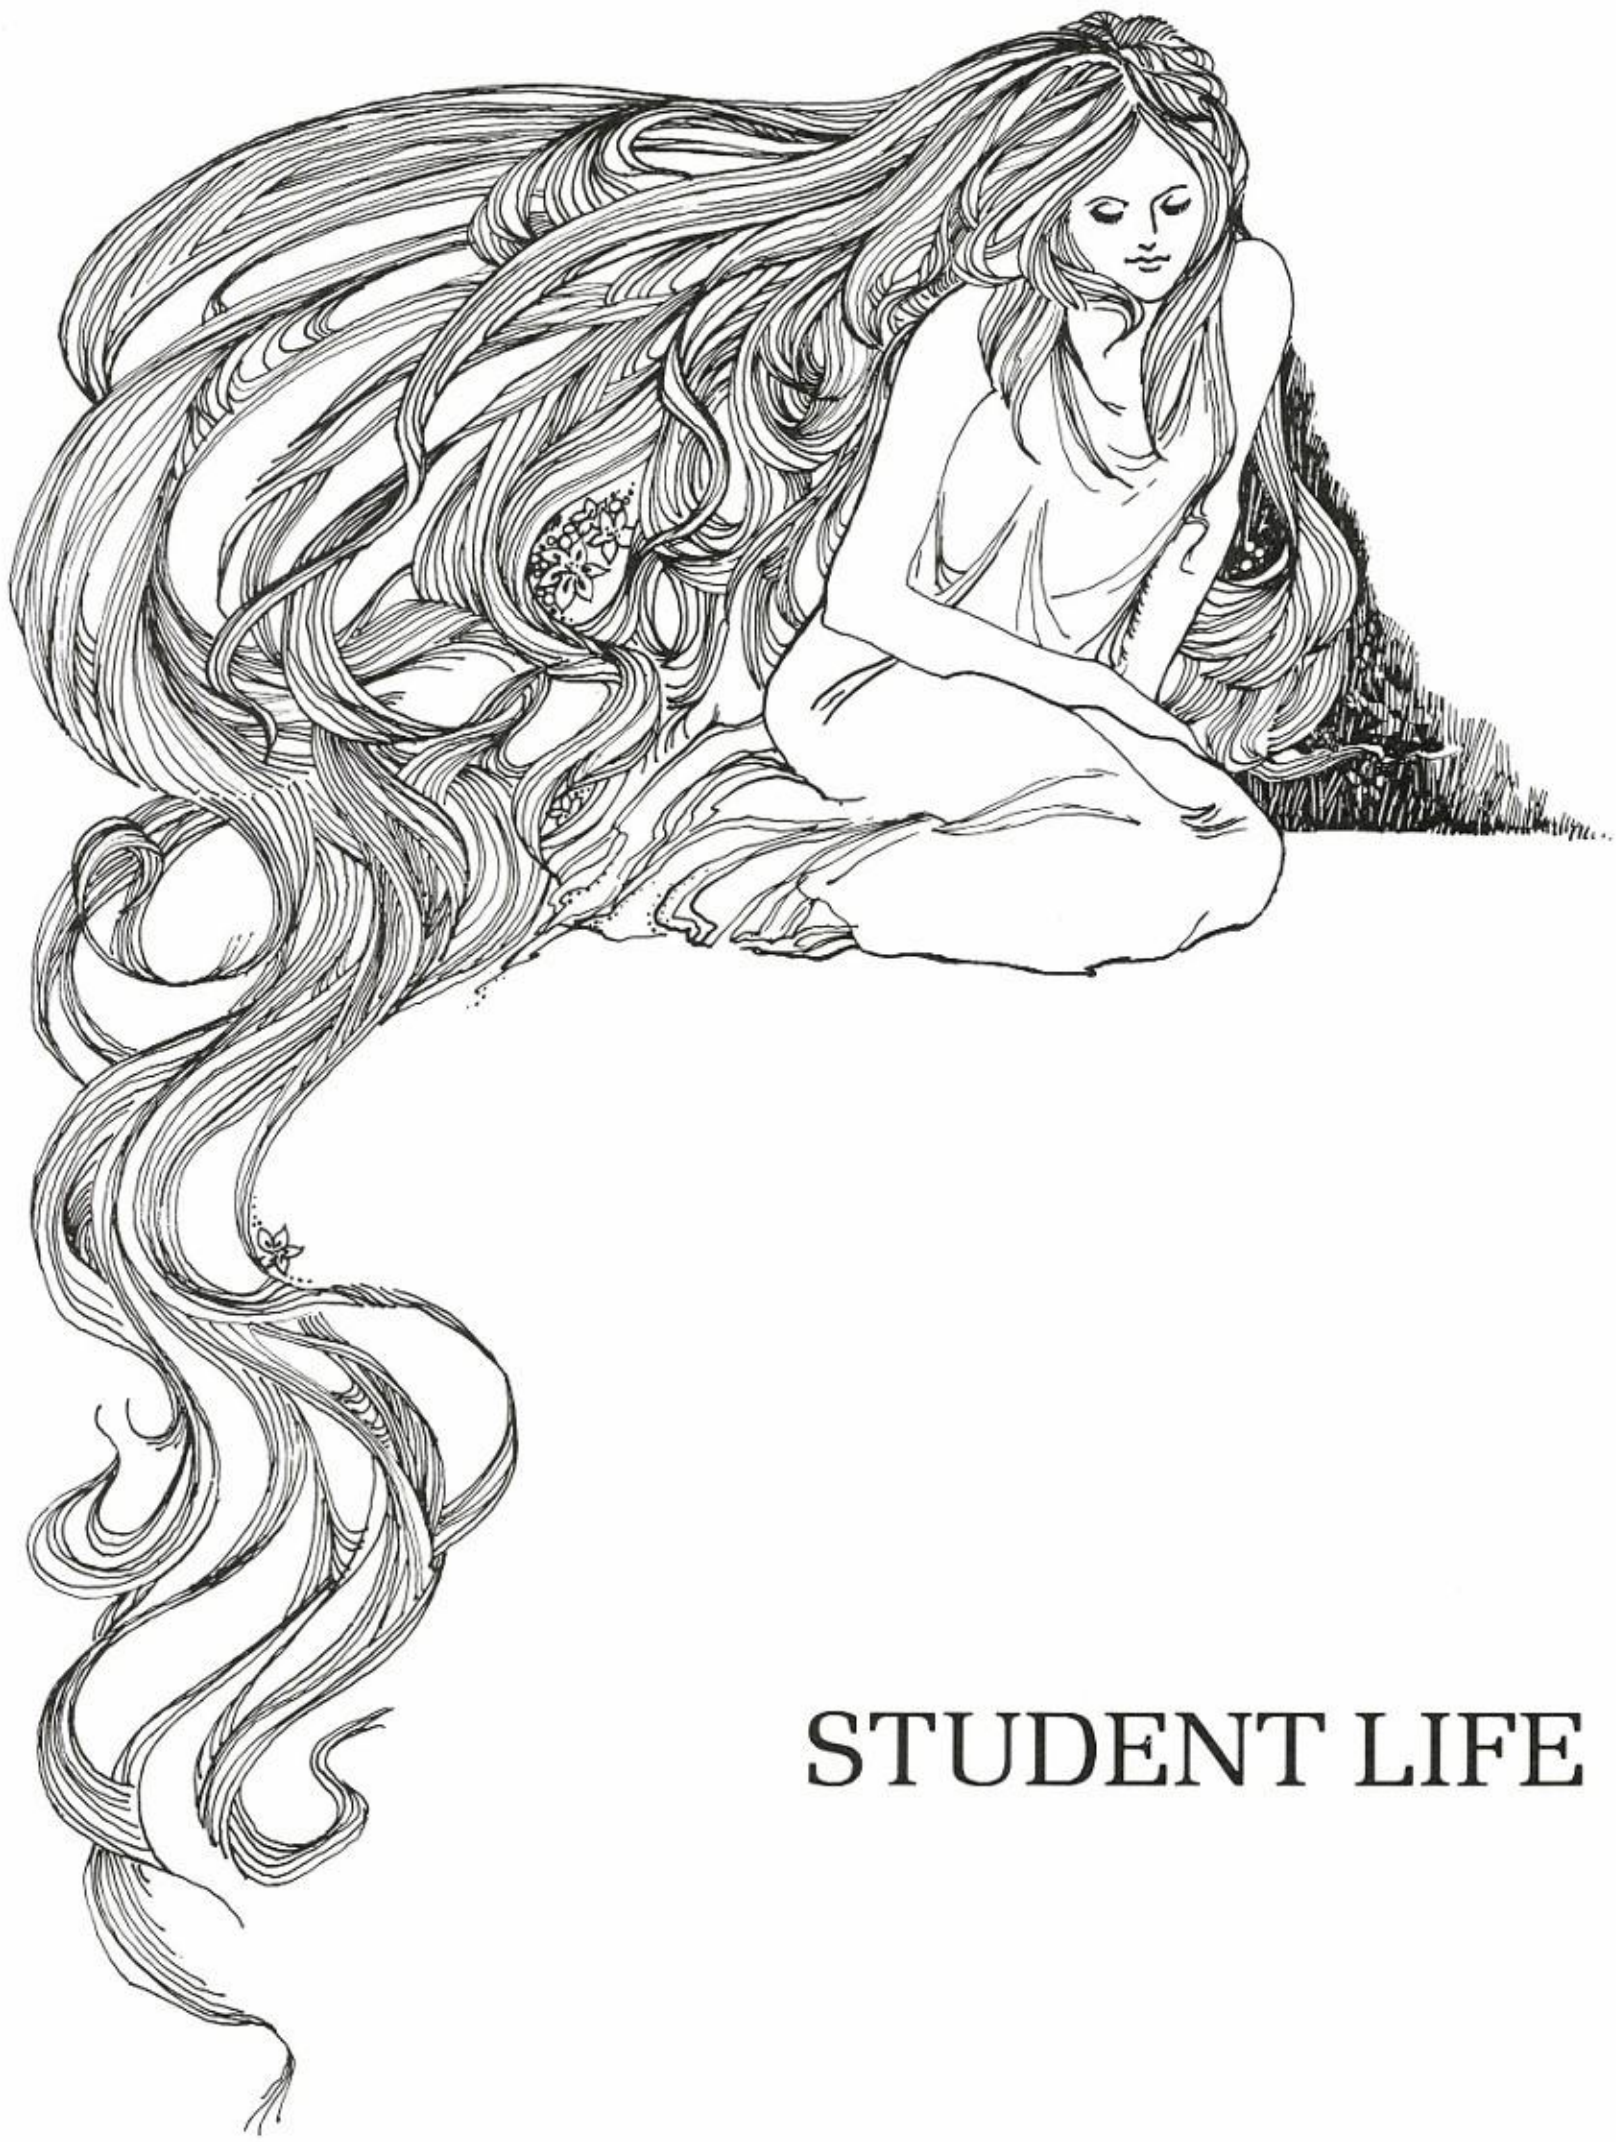
Wheeler County High School

1973 — The end of the Vietnam War, the release of POW's, the Watergate scandal, Skylab, the Energy Crisis, skyrocketing food prices, discontent Americans . . .

Wheeler County was affected by all these things in one way or another, but the educational process continued. At Wheeler County High School, we, the students, were daily confronted with the often grim realities of society, and realized that we will soon be in the positions of responsibility.

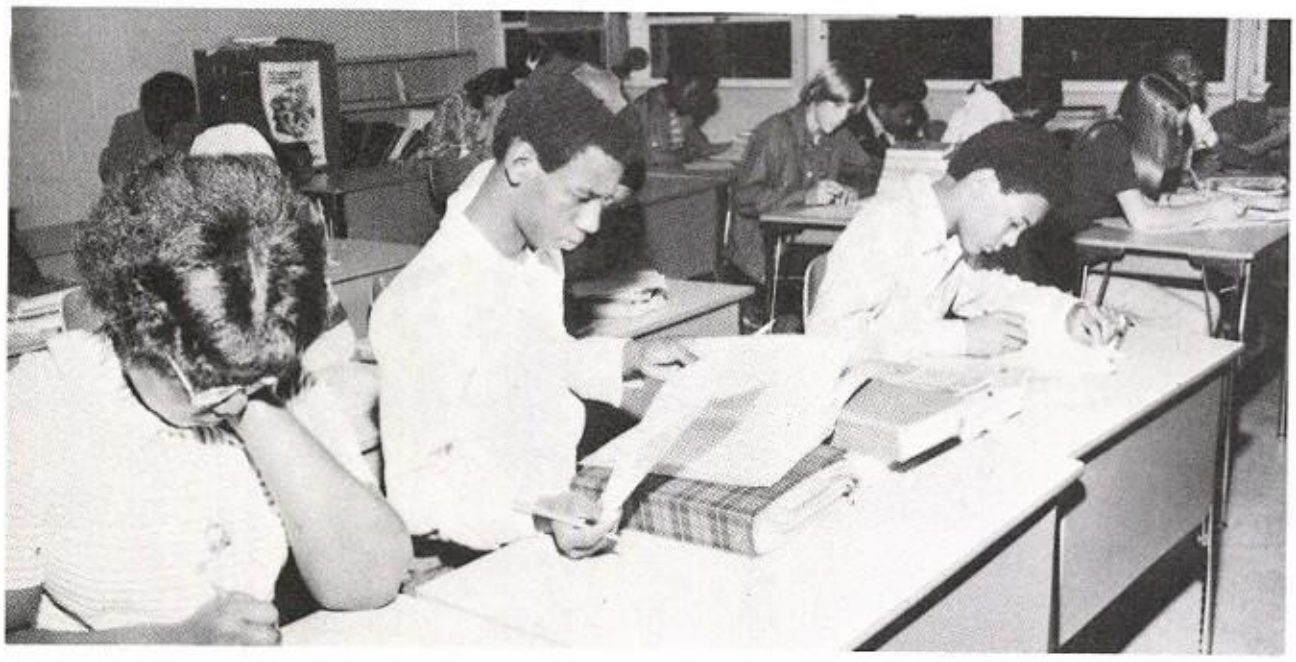
We present the 1974 Echo, a reflection of WCHS students learning to think and create, learning to express ourselves openly and imaginatively, learning to accept what we must and to revise what we believe we should, learning to work together, learning to enjoy life as energetic, intelligent young people.

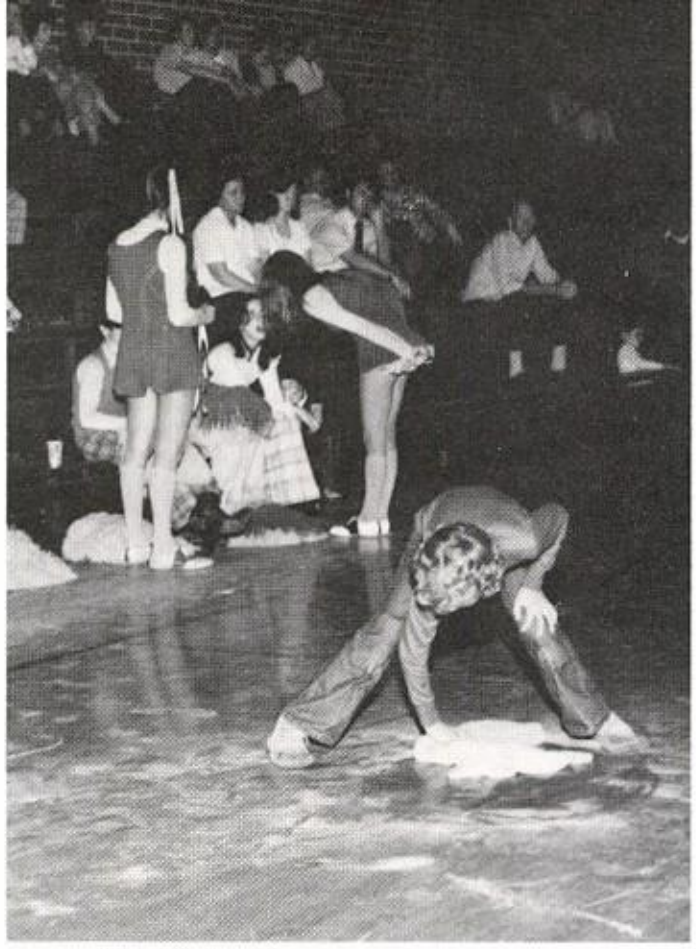


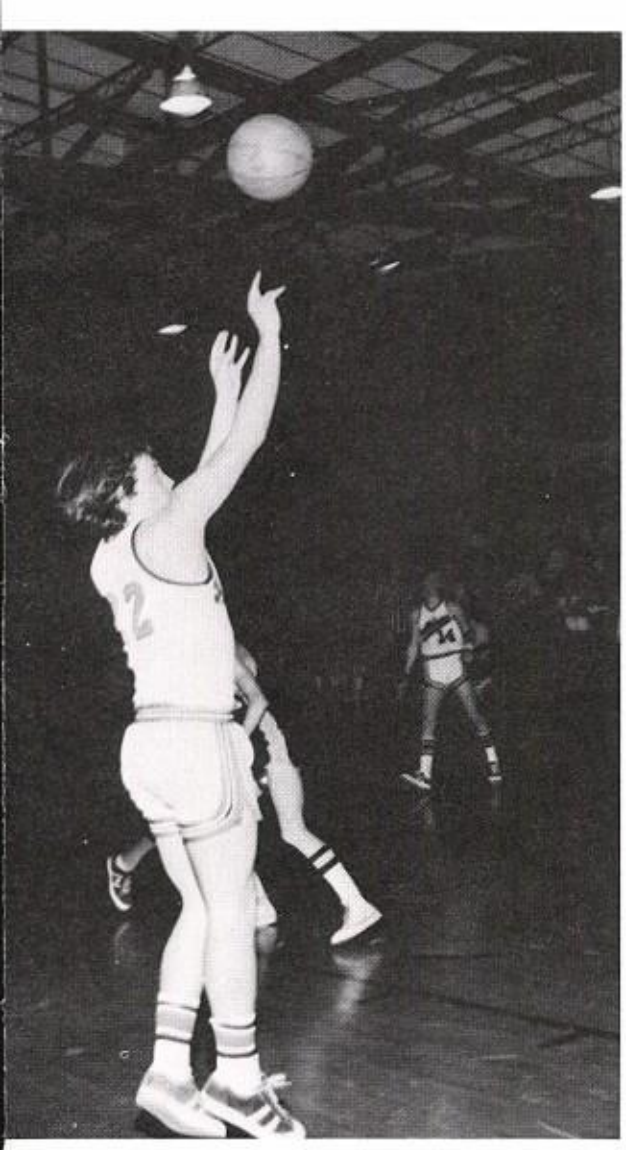


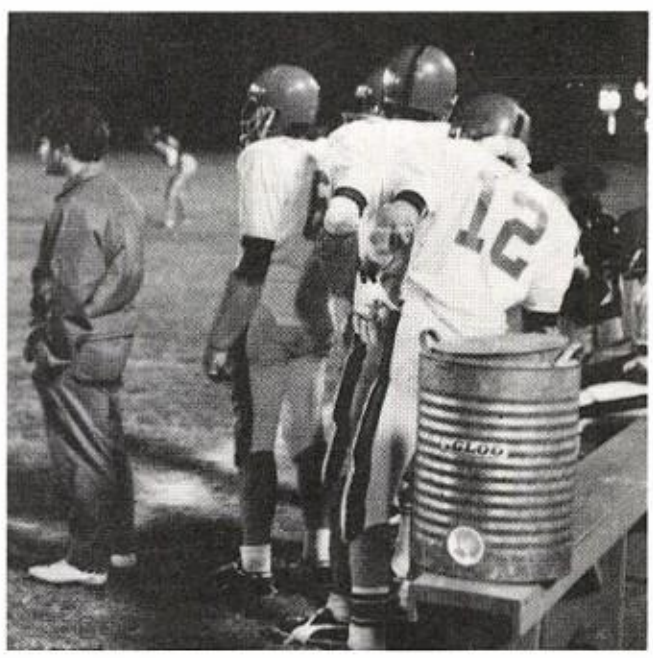
STUDENT LIFE

The primary consideration is always classroom work at any school. At Wheeler County, the classroom is the hub of activity, the beginning, the starting point. Becoming involved in the academics is our first interest . . . but it isn't the only one!

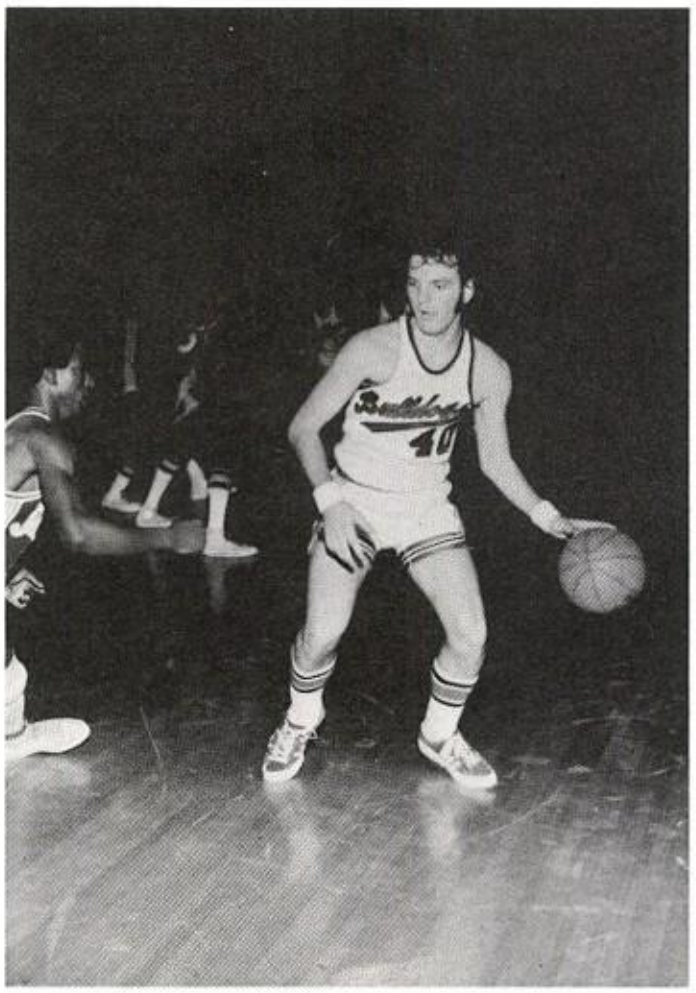




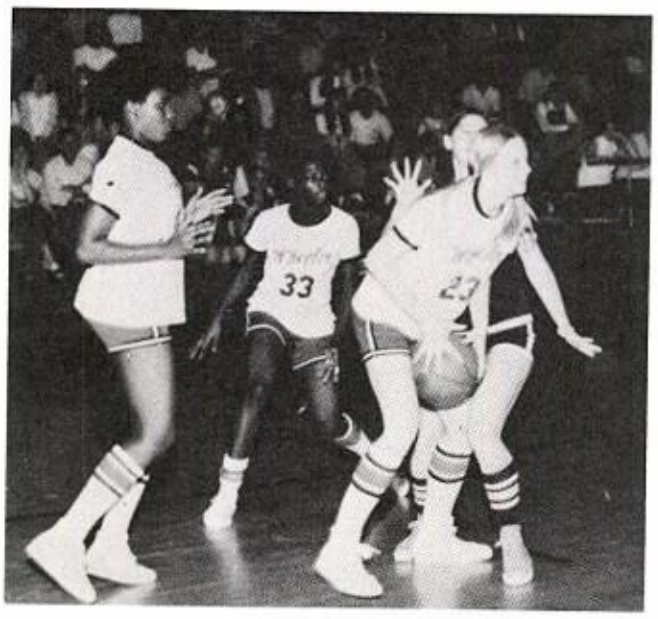


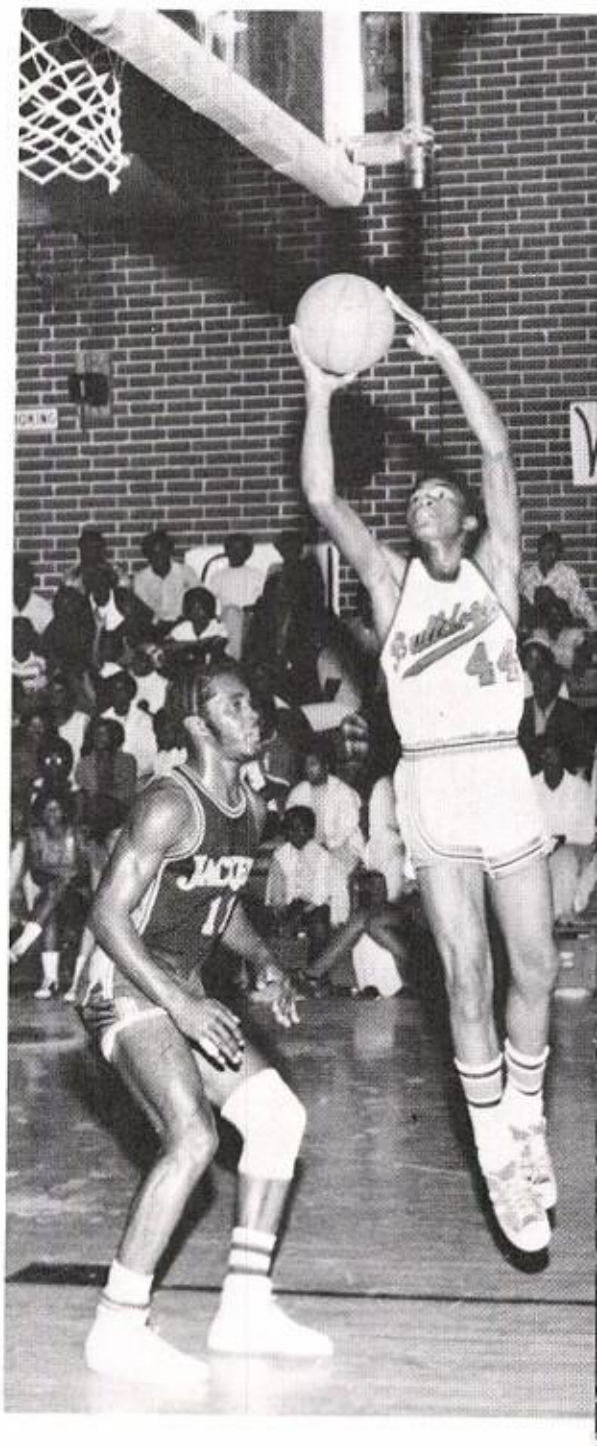


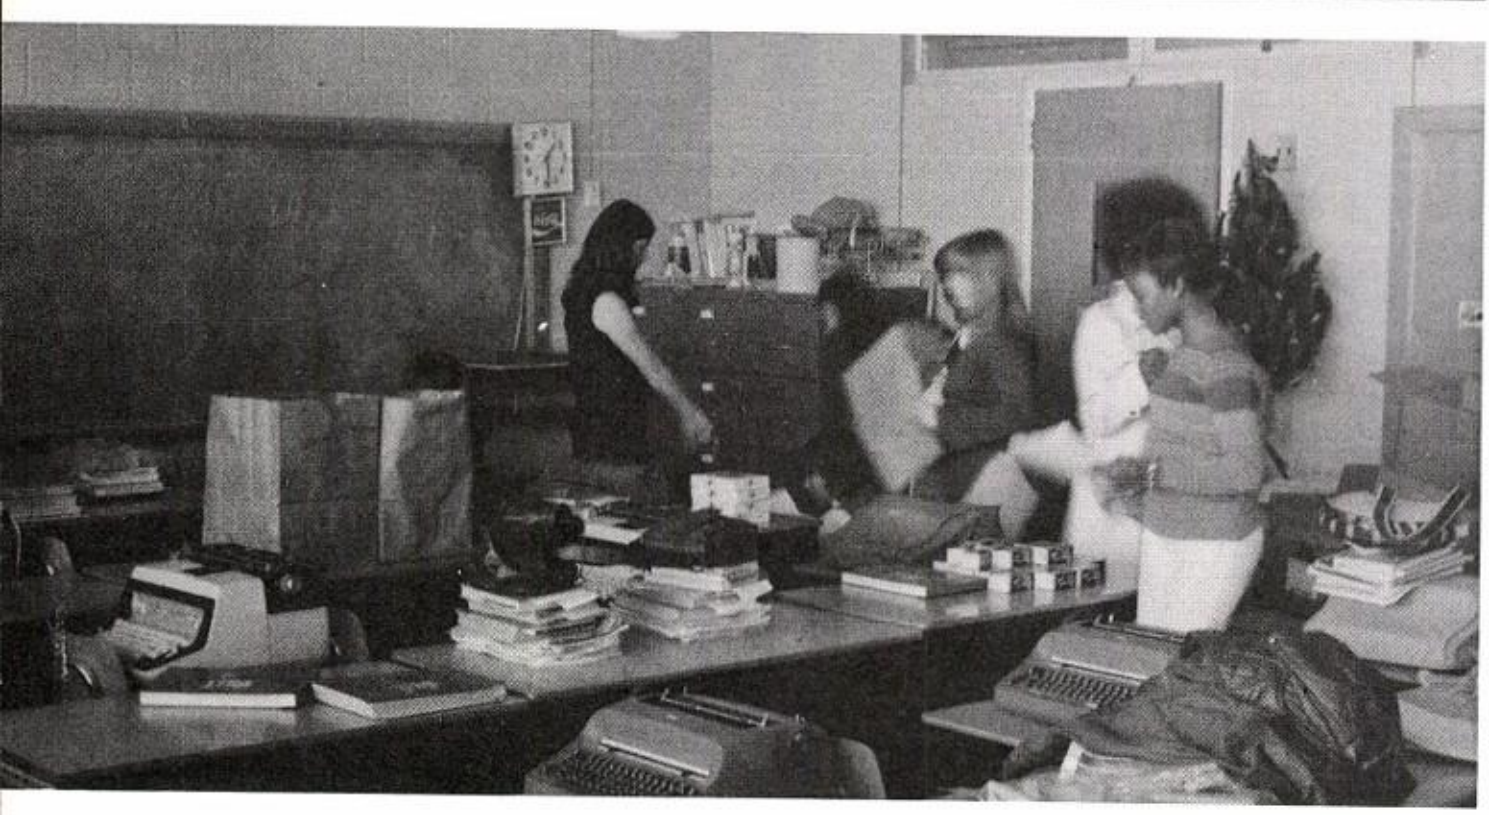
We built a greenhouse, and two strong basketball teams, we watched, we waited, we worked, we learned and we will do the same next year. Well, maybe we won't build another greenhouse, but . . .

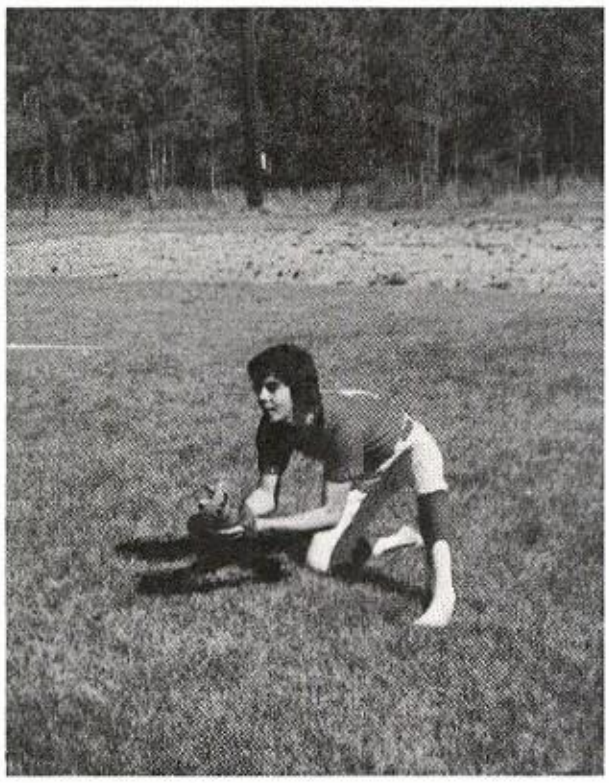


Whether it was watching a basketball game, or playing in a basketball game, or marching in a parade, or watching a parade, or listening to talks by people who have learned more about life than most of us care to know, we were all a part of the year. Activities were a big part of the success at Wheeler County High School, and we were part of the activities.

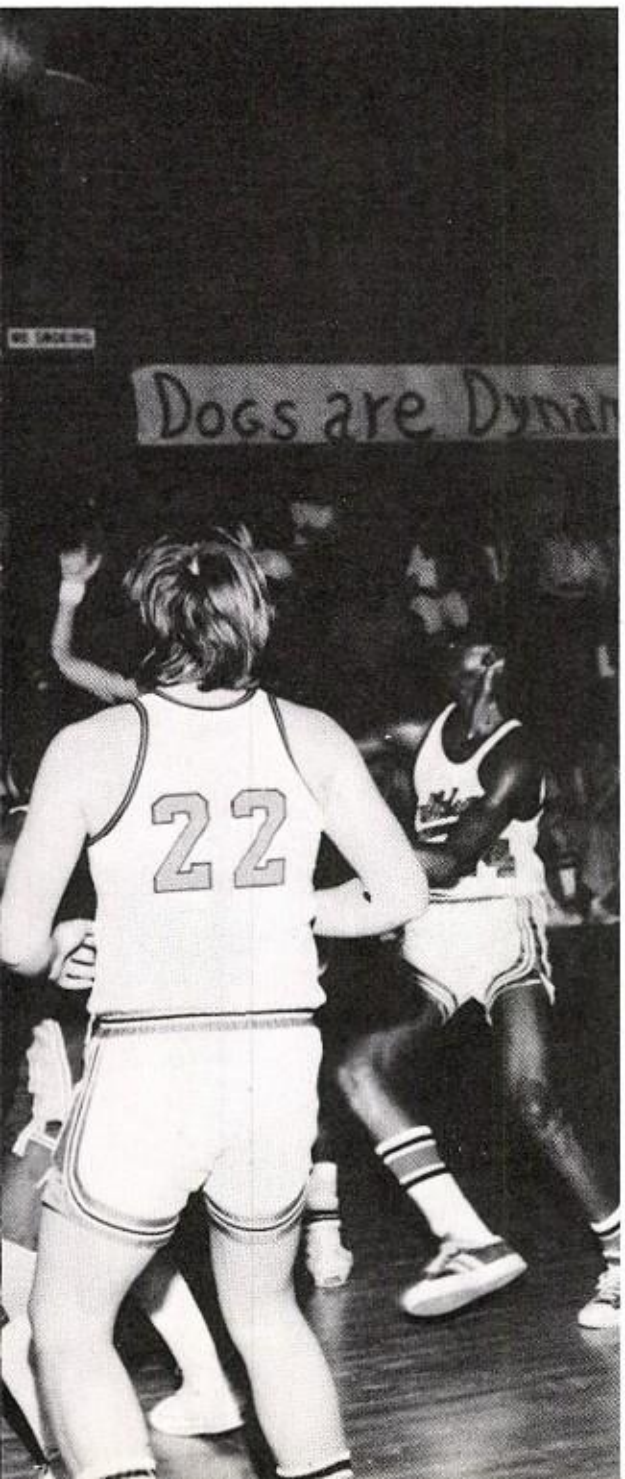


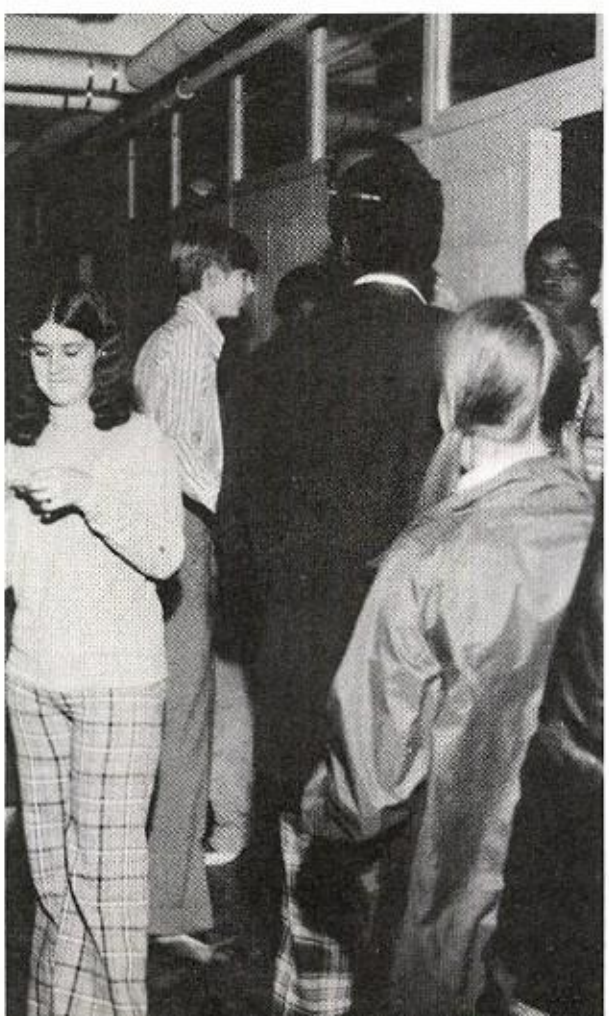


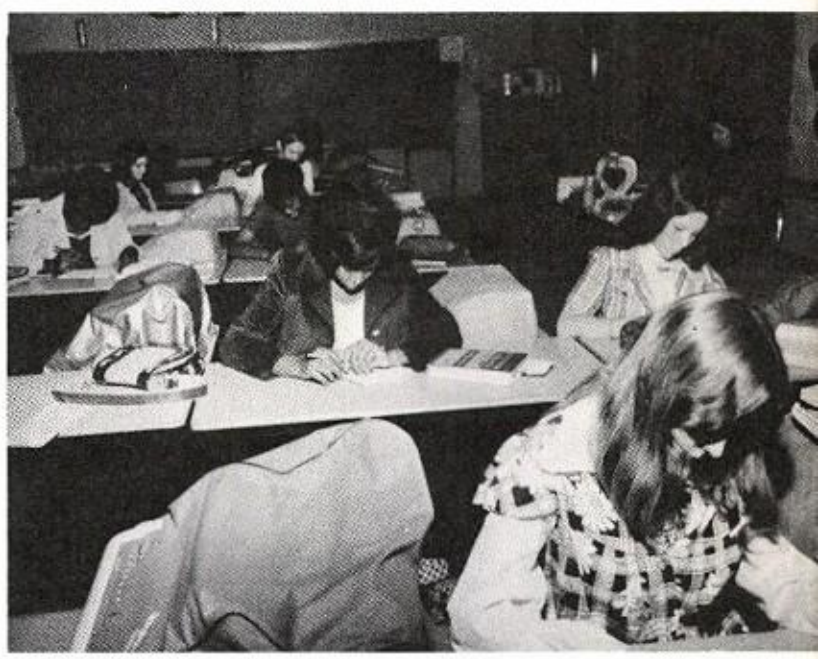




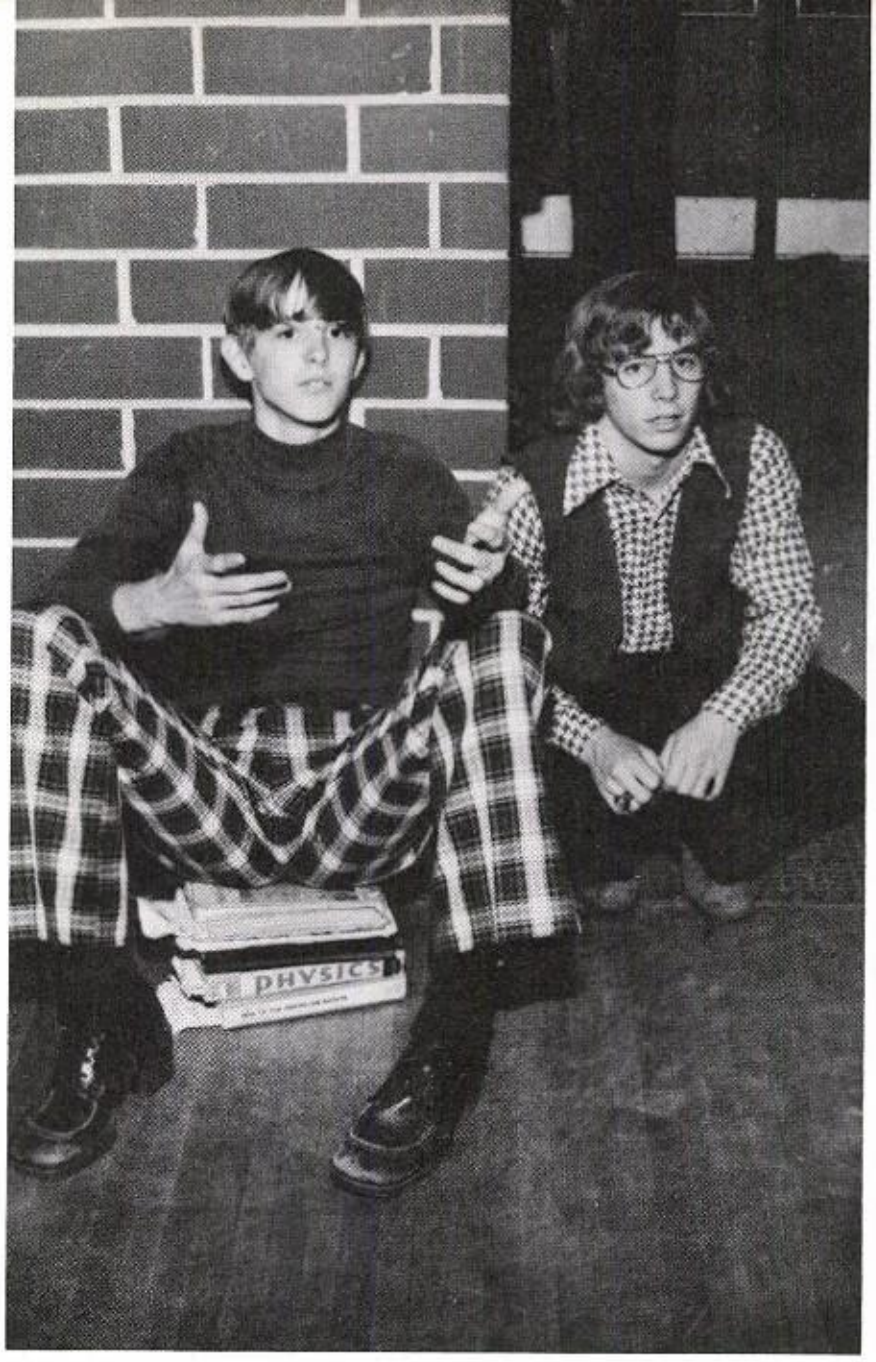
The idea of being involved in something, of having a cause, of improving ourselves, was the idea that kept us going and that pushed us through the year. And we enjoyed the challenge.

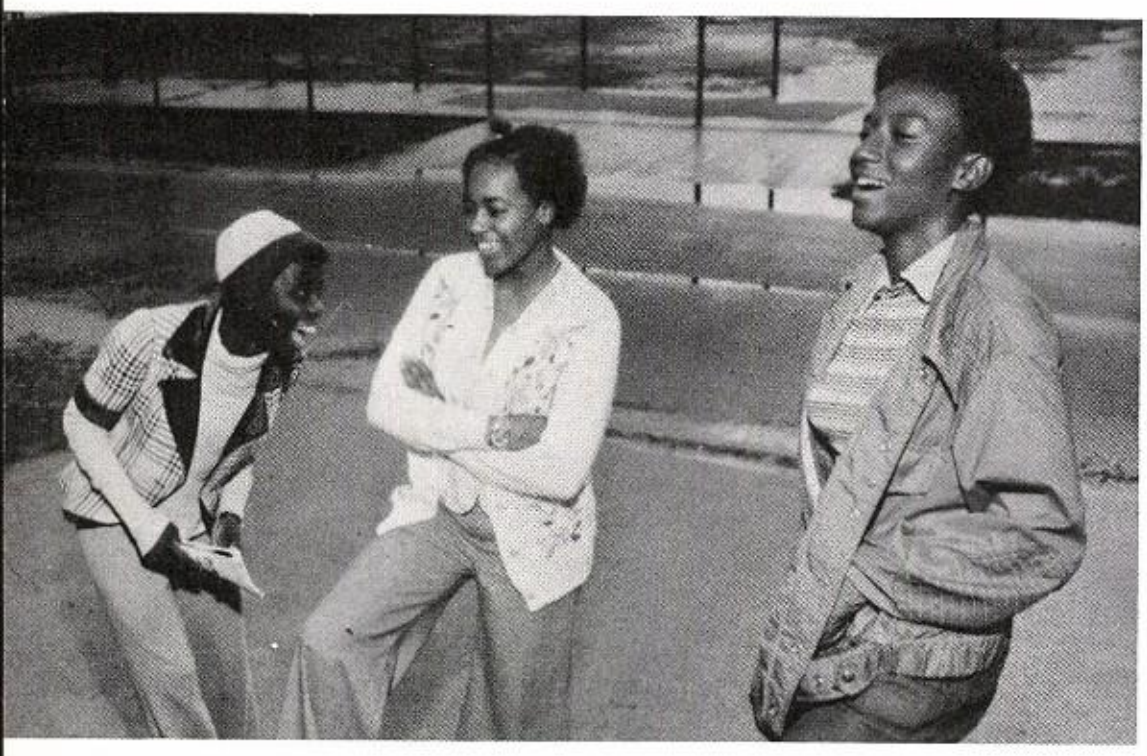


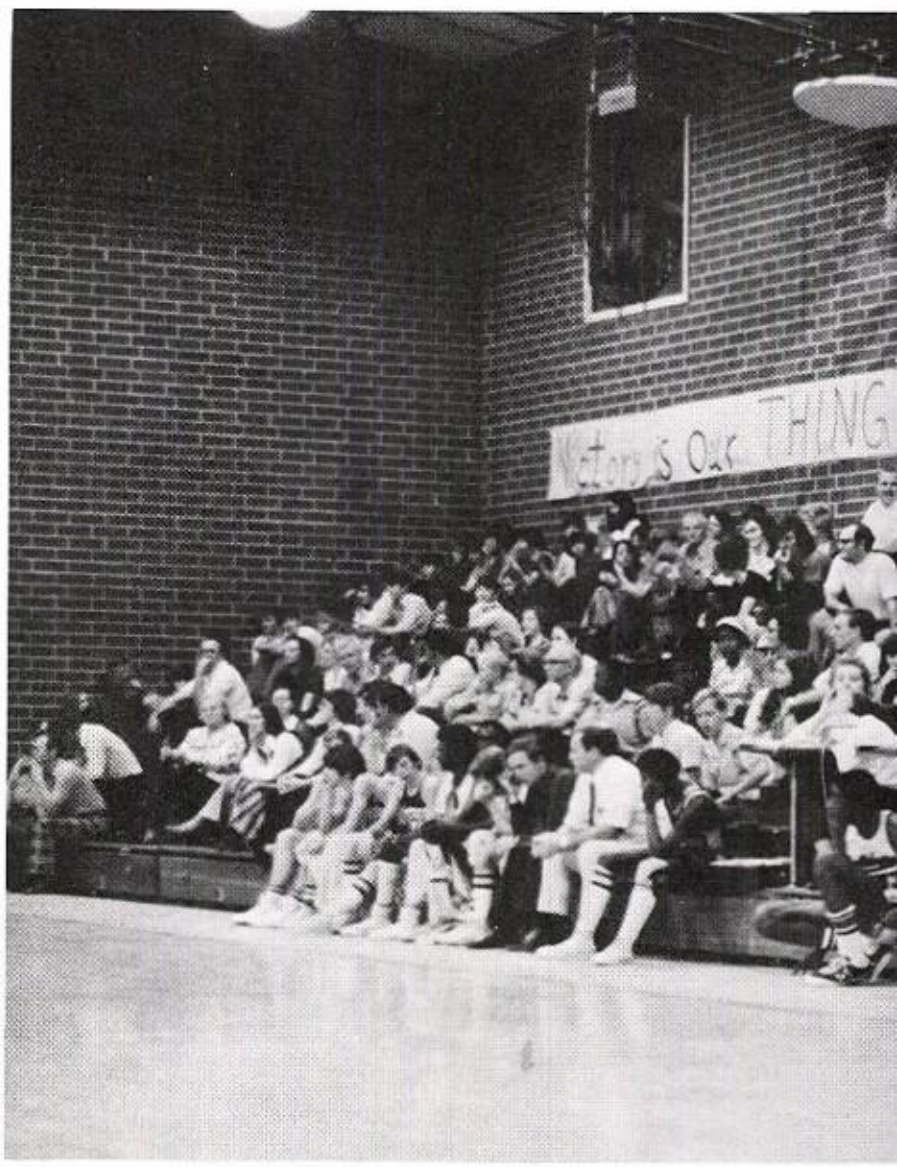




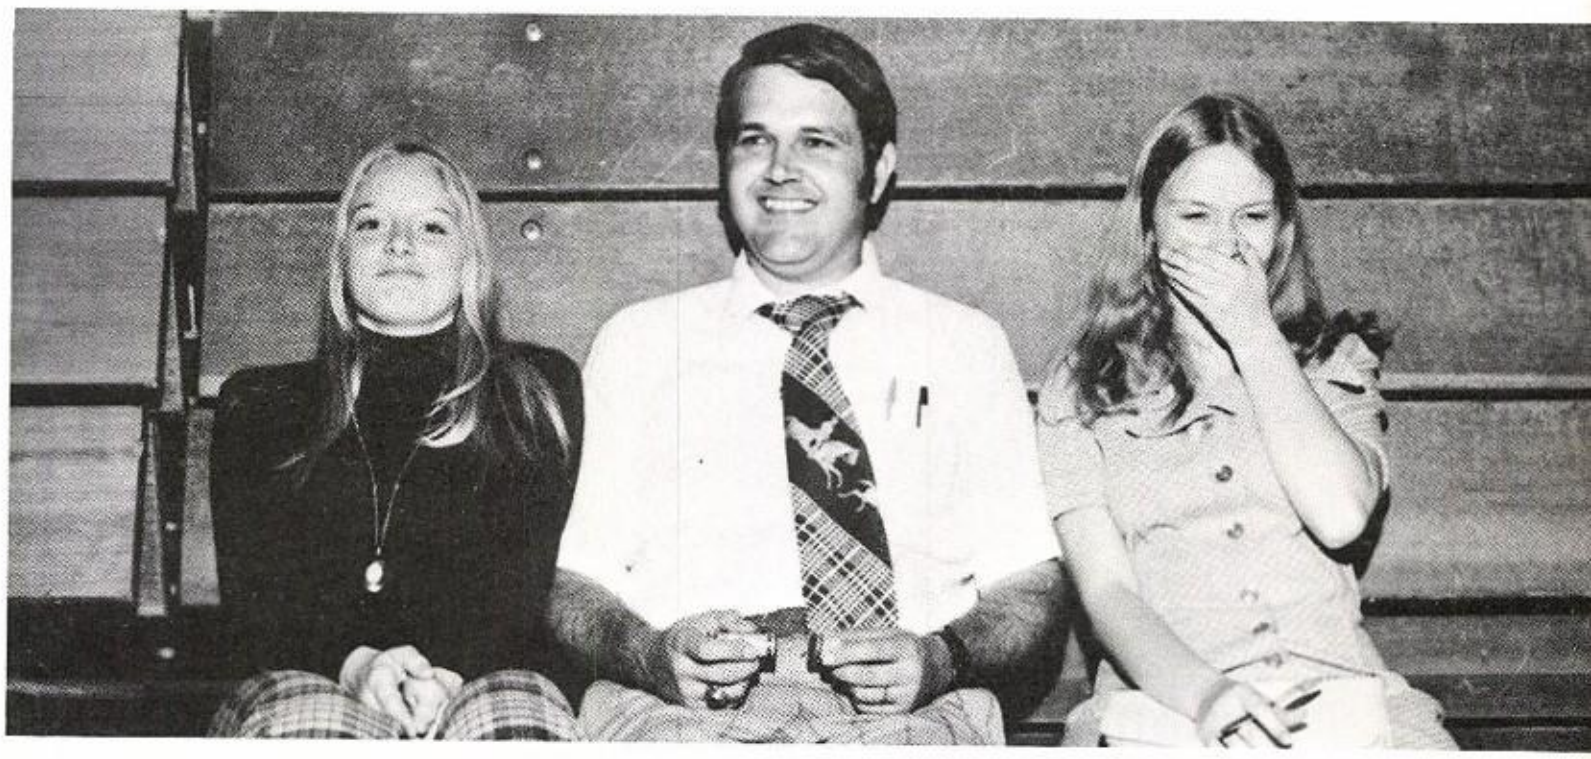
Waiting out the lunch break in the rain, solving the problems of the world in the gym, or letting off steam at a basketball game, the students at WCHS were definitely involved. The development of personalities was so obvious that at times it was almost frightening, and often puzzling. But it was that development which made WCHS the unique institution that it was during 1973 and 1974.

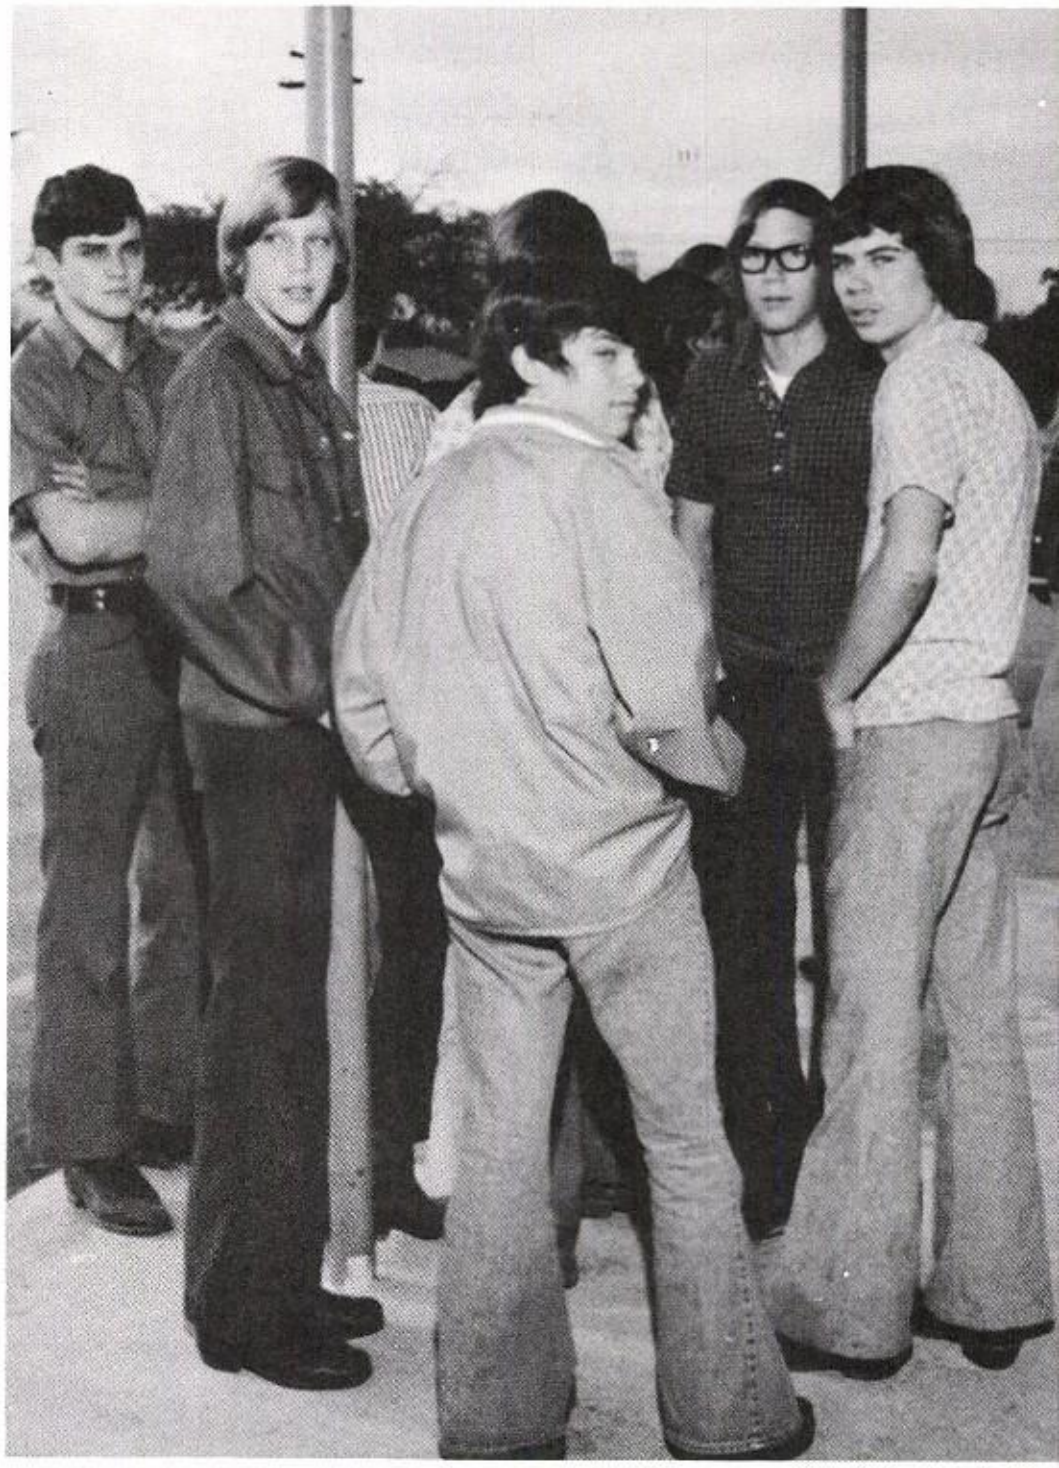


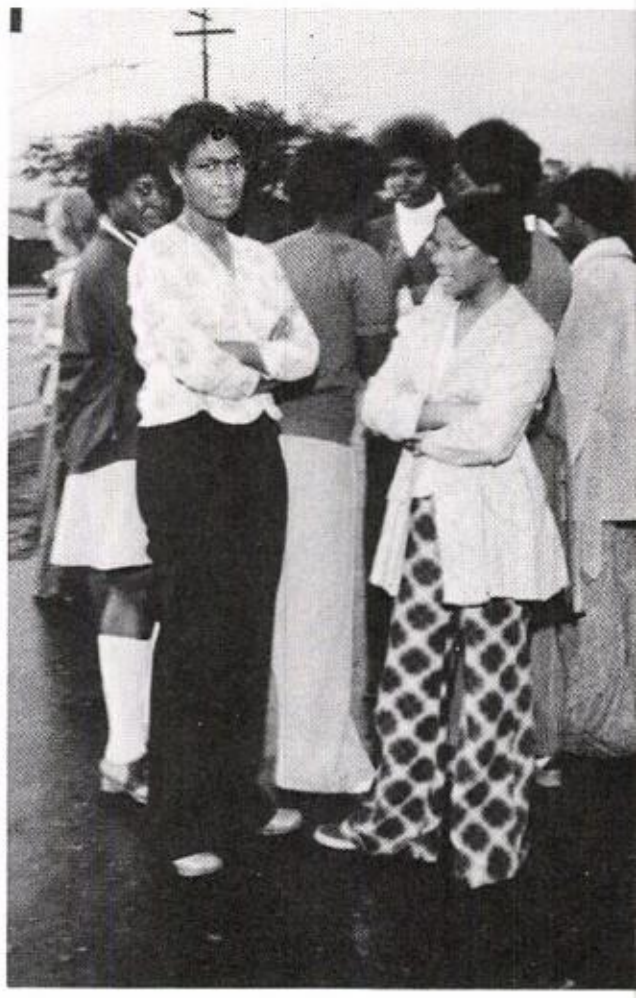




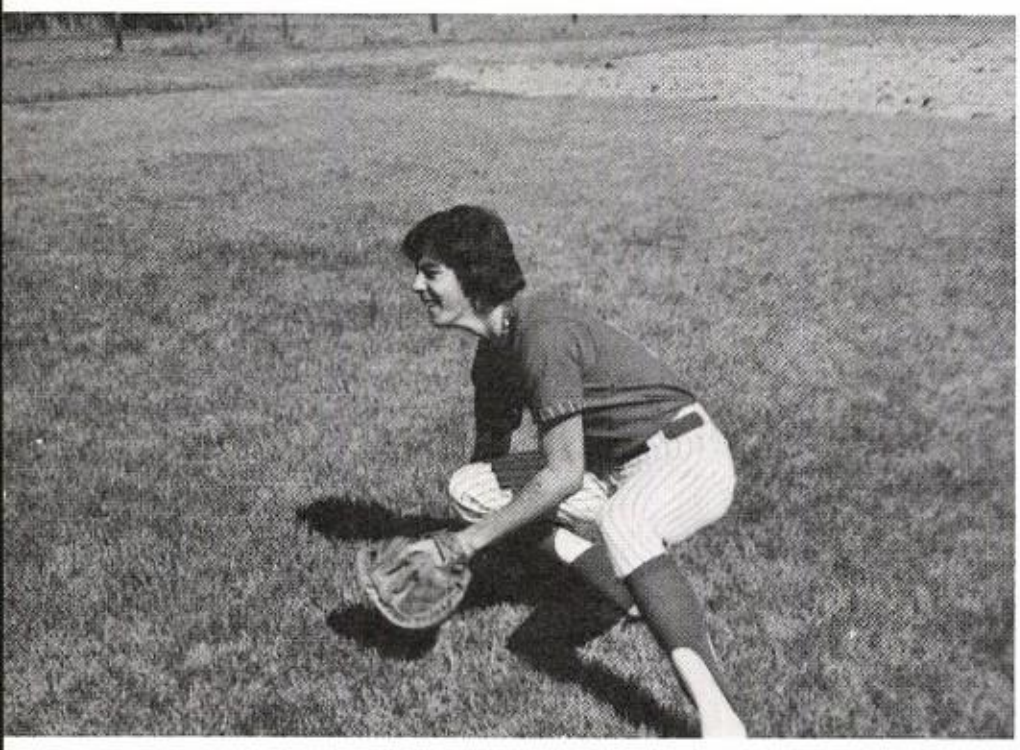
Combining the ready wit of Gemini with the enthusiasm and energy of Aries, Students at Wheeler County High thoroughly enjoyed themselves during their journey through the school year, making the most of every situation. In the classroom and out, the students loved life and weren't afraid to let you know. And the best part of it was that their enthusiasm was contagious!

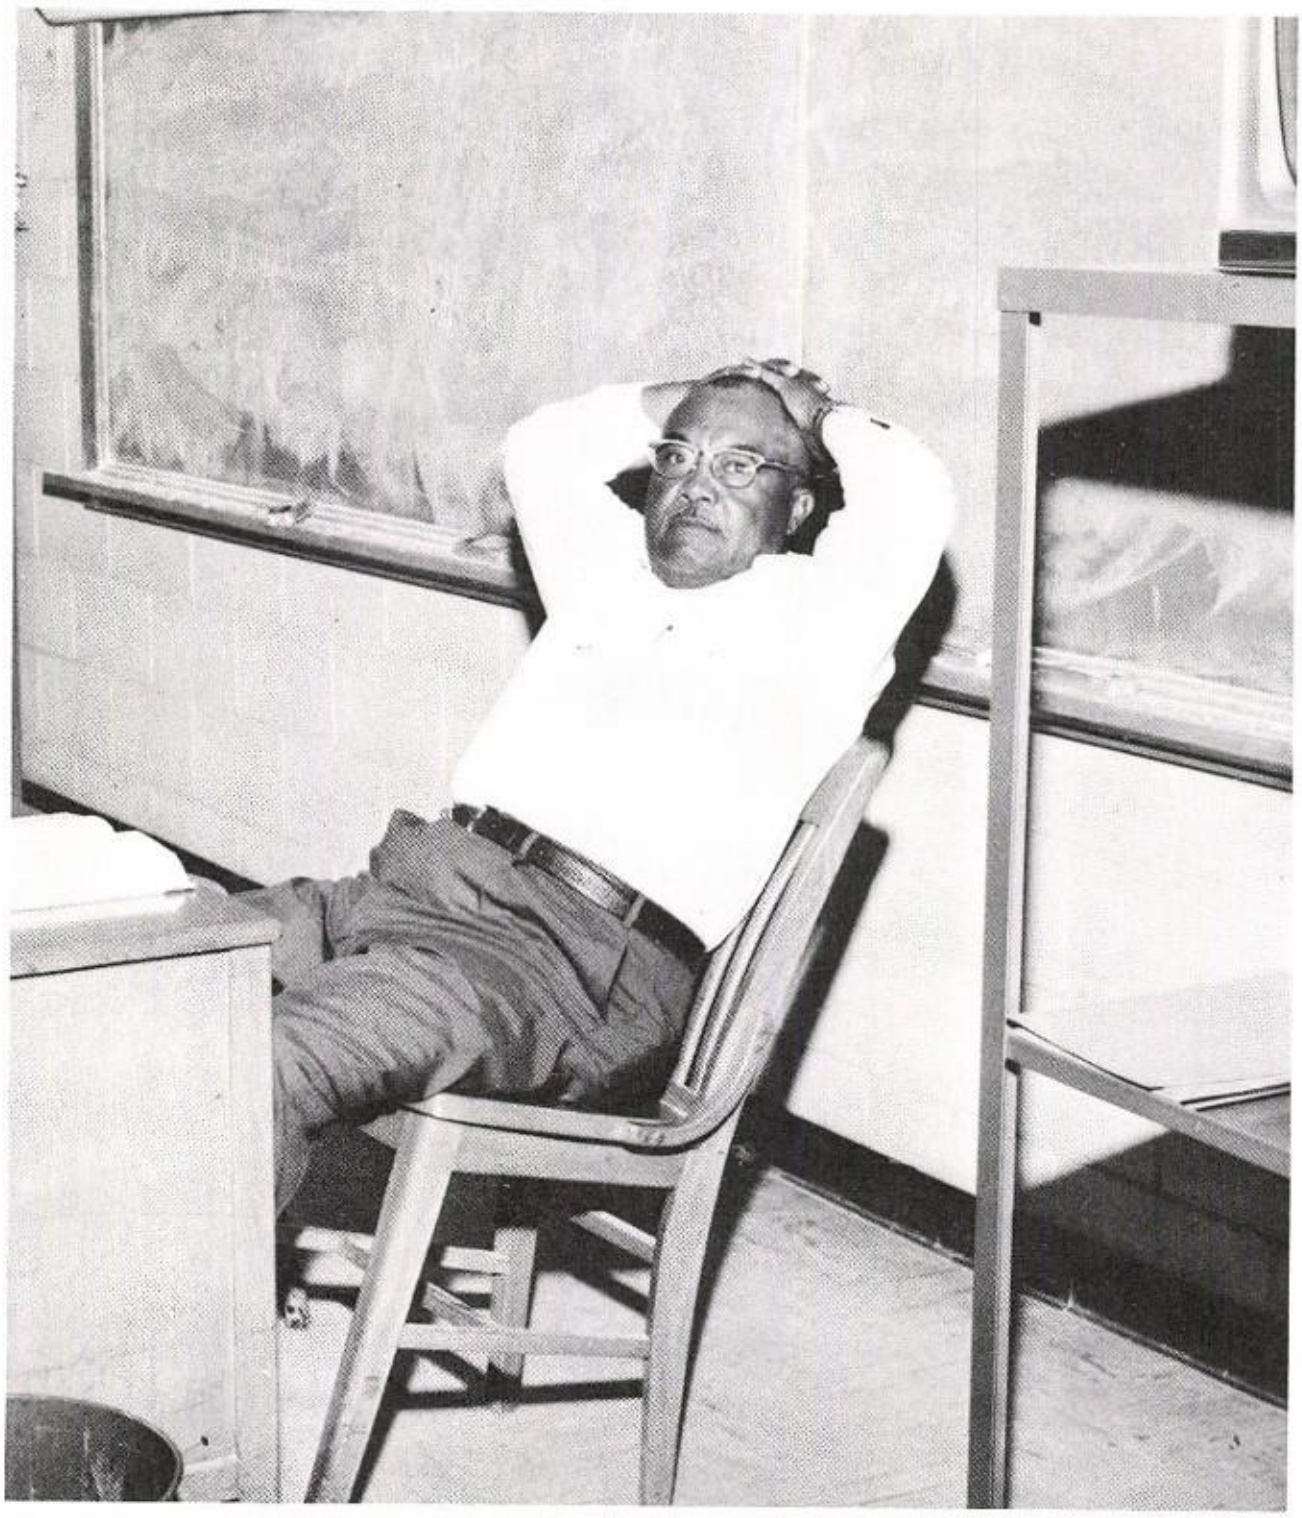






TEXACO





It seems as if once in a while, a school discovers that it houses one of those rare personalities who might be considered a legend . . . indeed, by his students, he is just that. This year we, the Echo staff, would like to pay tribute to one such legend by dedicating this 1974 Echo to Mr. J. W. Graham, instructor of agriculture. In making our selection we considered all the possible choices and decided that one man in particular seemed to be in our minds. This is for you, Mr. Graham.

THE 1974 ECHO DEDICATED TO MR. J. W. GRAHAM

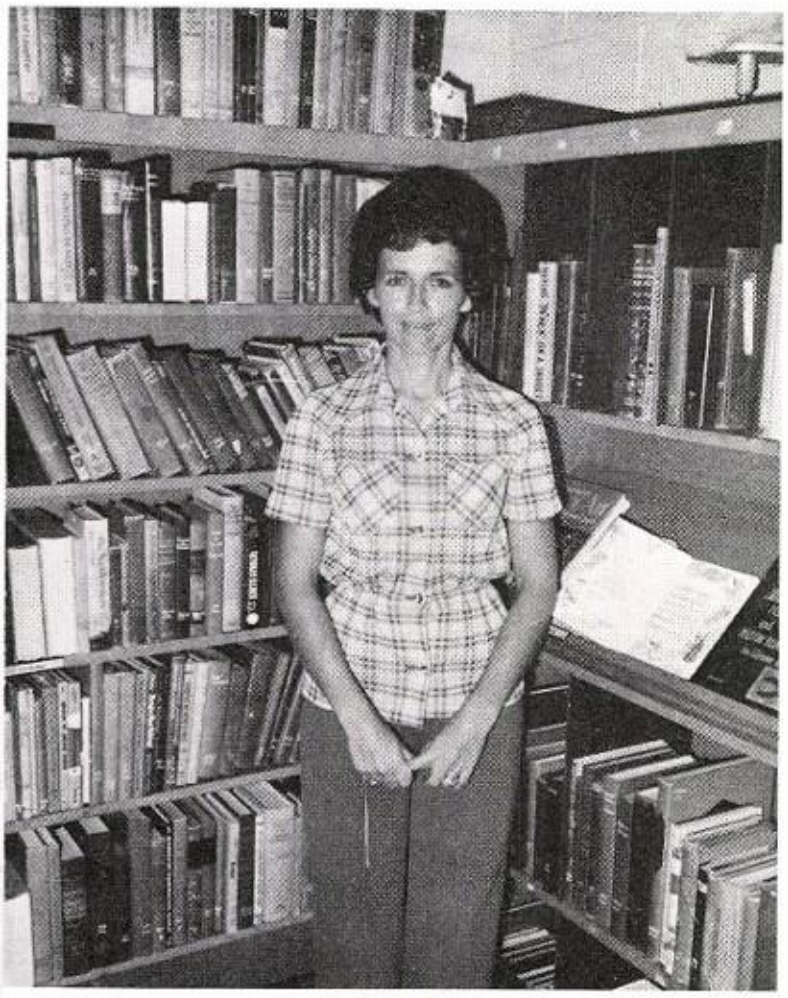
Mrs. Carlene Cox

STANDING: Yvonne Butler, Instructional Supervisor; Marie Causey, Coordinator of Funds. SEATED: Cordie Robbins, Secretary.

Jane Shamblin, Title I English



Ann White, Visiting Teacher

There are always people behind the scenes who work diligently because there is a job to be done. Especially a job like implementing the quarter system.

Fran Jarrard, Counselor

Without the leadership of competent, dedicated people, a school could not function. Although at times we don't show it, we appreciate having friendly, concerned guidance.

The 1973 football team showed a vast improvement over last years. Though we won only one game again, we played many teams a much better game than in the past. There were only two seniors on the starting offense and four on the starting defense, therefore we are looking for a great improvement over last year's record from the returning and the new players.

1973-1974 BULLDOGS

The Wheeler County girls' basketball team took the first half of the season with ease. Coach Clay Clark led the girls to a final regular season record of 10 and 9. The team took first place in the Tip-Off Tournament held in Alamo at the beginning of the season. The improvement in each player was evident as the season went on. The girls learned to play as a team and became aware of the need for the fusion of individual effort and teamwork, both of which are essential to the success of the team. The growth of the team was a change every spectator could discern, and the dedication of the players and the coach was the force behind the team this year.

The varsity boys showed probably as much improvement during the 73-74 season as a team can show. Under the direction of coach Melvin Sweat, the team matured into a tight unit capable of anticipating each other's moves and preventing major mistakes. With the shooting ability, the defensive moves, and the extraordinary timing of the men, the Bulldogs developed into a team to watch out for. With the majority of the team newcomers to varsity play, Coach Sweat and his Bulldogs built an exceptional team.

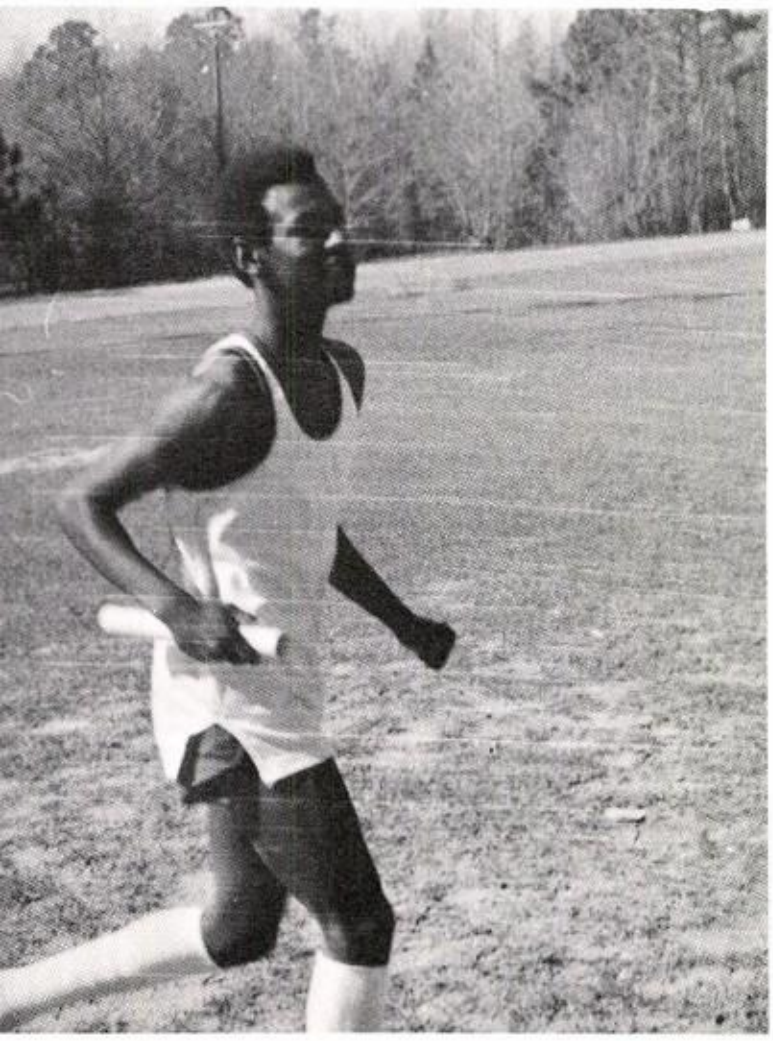
April 29	Treutlen	Away
	(girls and boys)	

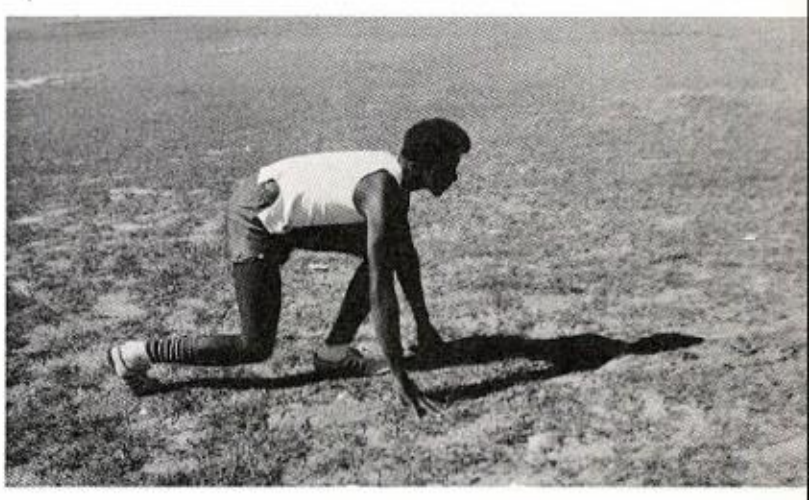
This year's varsity track team is much like the baseball team, in that it is a very young team. Out of thirteen team members, there are twelve underclassmen. Five of these have varsity experience. This year's team is headed this year by a new coach, Leon Fields.

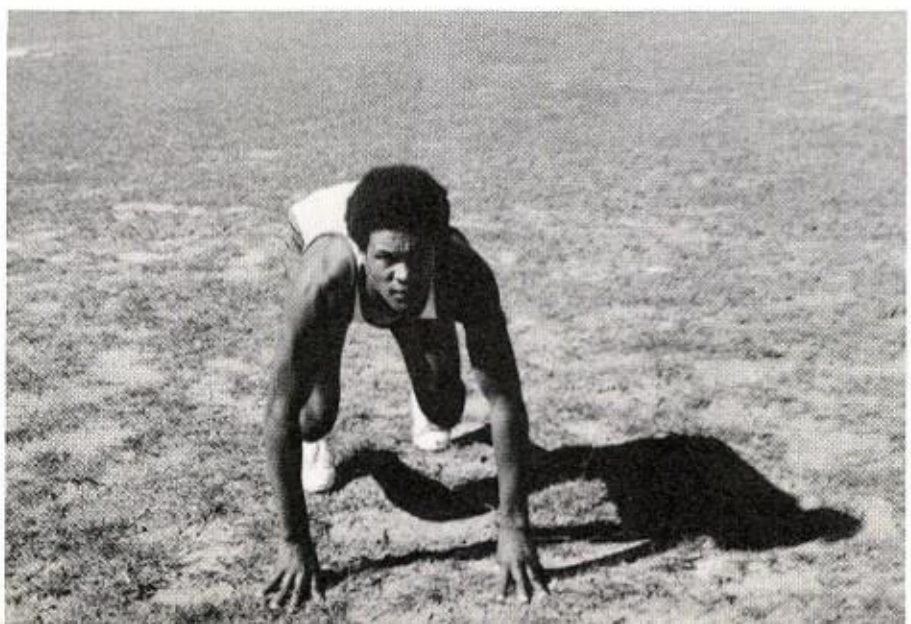
The junior high teams, both boys and girls, show a lot of enthusiasm and ability. Also coached by Leon Fields, they will undoubtedly prove to be beneficial to the varsity team in years to come.

TRACK TEAM

SEATED: Gregory Smith, Preston Gillis, Johnny Moore, Alton Holloway, Ricky Bryant, Otis Lee. STANDING: Louishe Johnekins, Kelly McRae, Terence Clark, Morgan Hurst, Mike Smith, Theria Wooten, Joey Browning.







The 1974 baseball team will be a mixture of old and new faces. The new coaches, Clay Clark and Hugh Yaughn, are leading the team this year, working with four returning starters. This year's team is a young one, consisting of four freshmen, nine sophomores, four juniors, and two seniors. The '74 Bulldogs have nine players with varsity experience. This team should be a strong contender for this year's region title and an even stronger contender next year.

1974 SCHEDULE

The 1973-1974 Wheeler County Football Team brought fame and glory to the seventh and eighth grades. Under the leadership of Coach Leon Fields, the members of the team showed talent and promise as they took the season with five wins and one loss.

The record is one the players and the coach can be proud of, and it will certainly be looked on with interest by the varsity coaches as these boys reach eligibility age in high school.

The effort by the players, their willingness to work, and their determination all combined to form a winning team.

WHAT IS A BANK

A convenient place to cash a check? Certainly. Save some money? Of course. But a bank does a lot more than that.

It's the place to go for financial guidance, loans of any kind. You can buy travelers checks, rent a safe deposit box and everything in between. At a good bank you will find conscientious, hard-working people who spare no effort to help you with every service connected with money. And they do it day after day, week after week, month after month.

We're that kind of a bank.

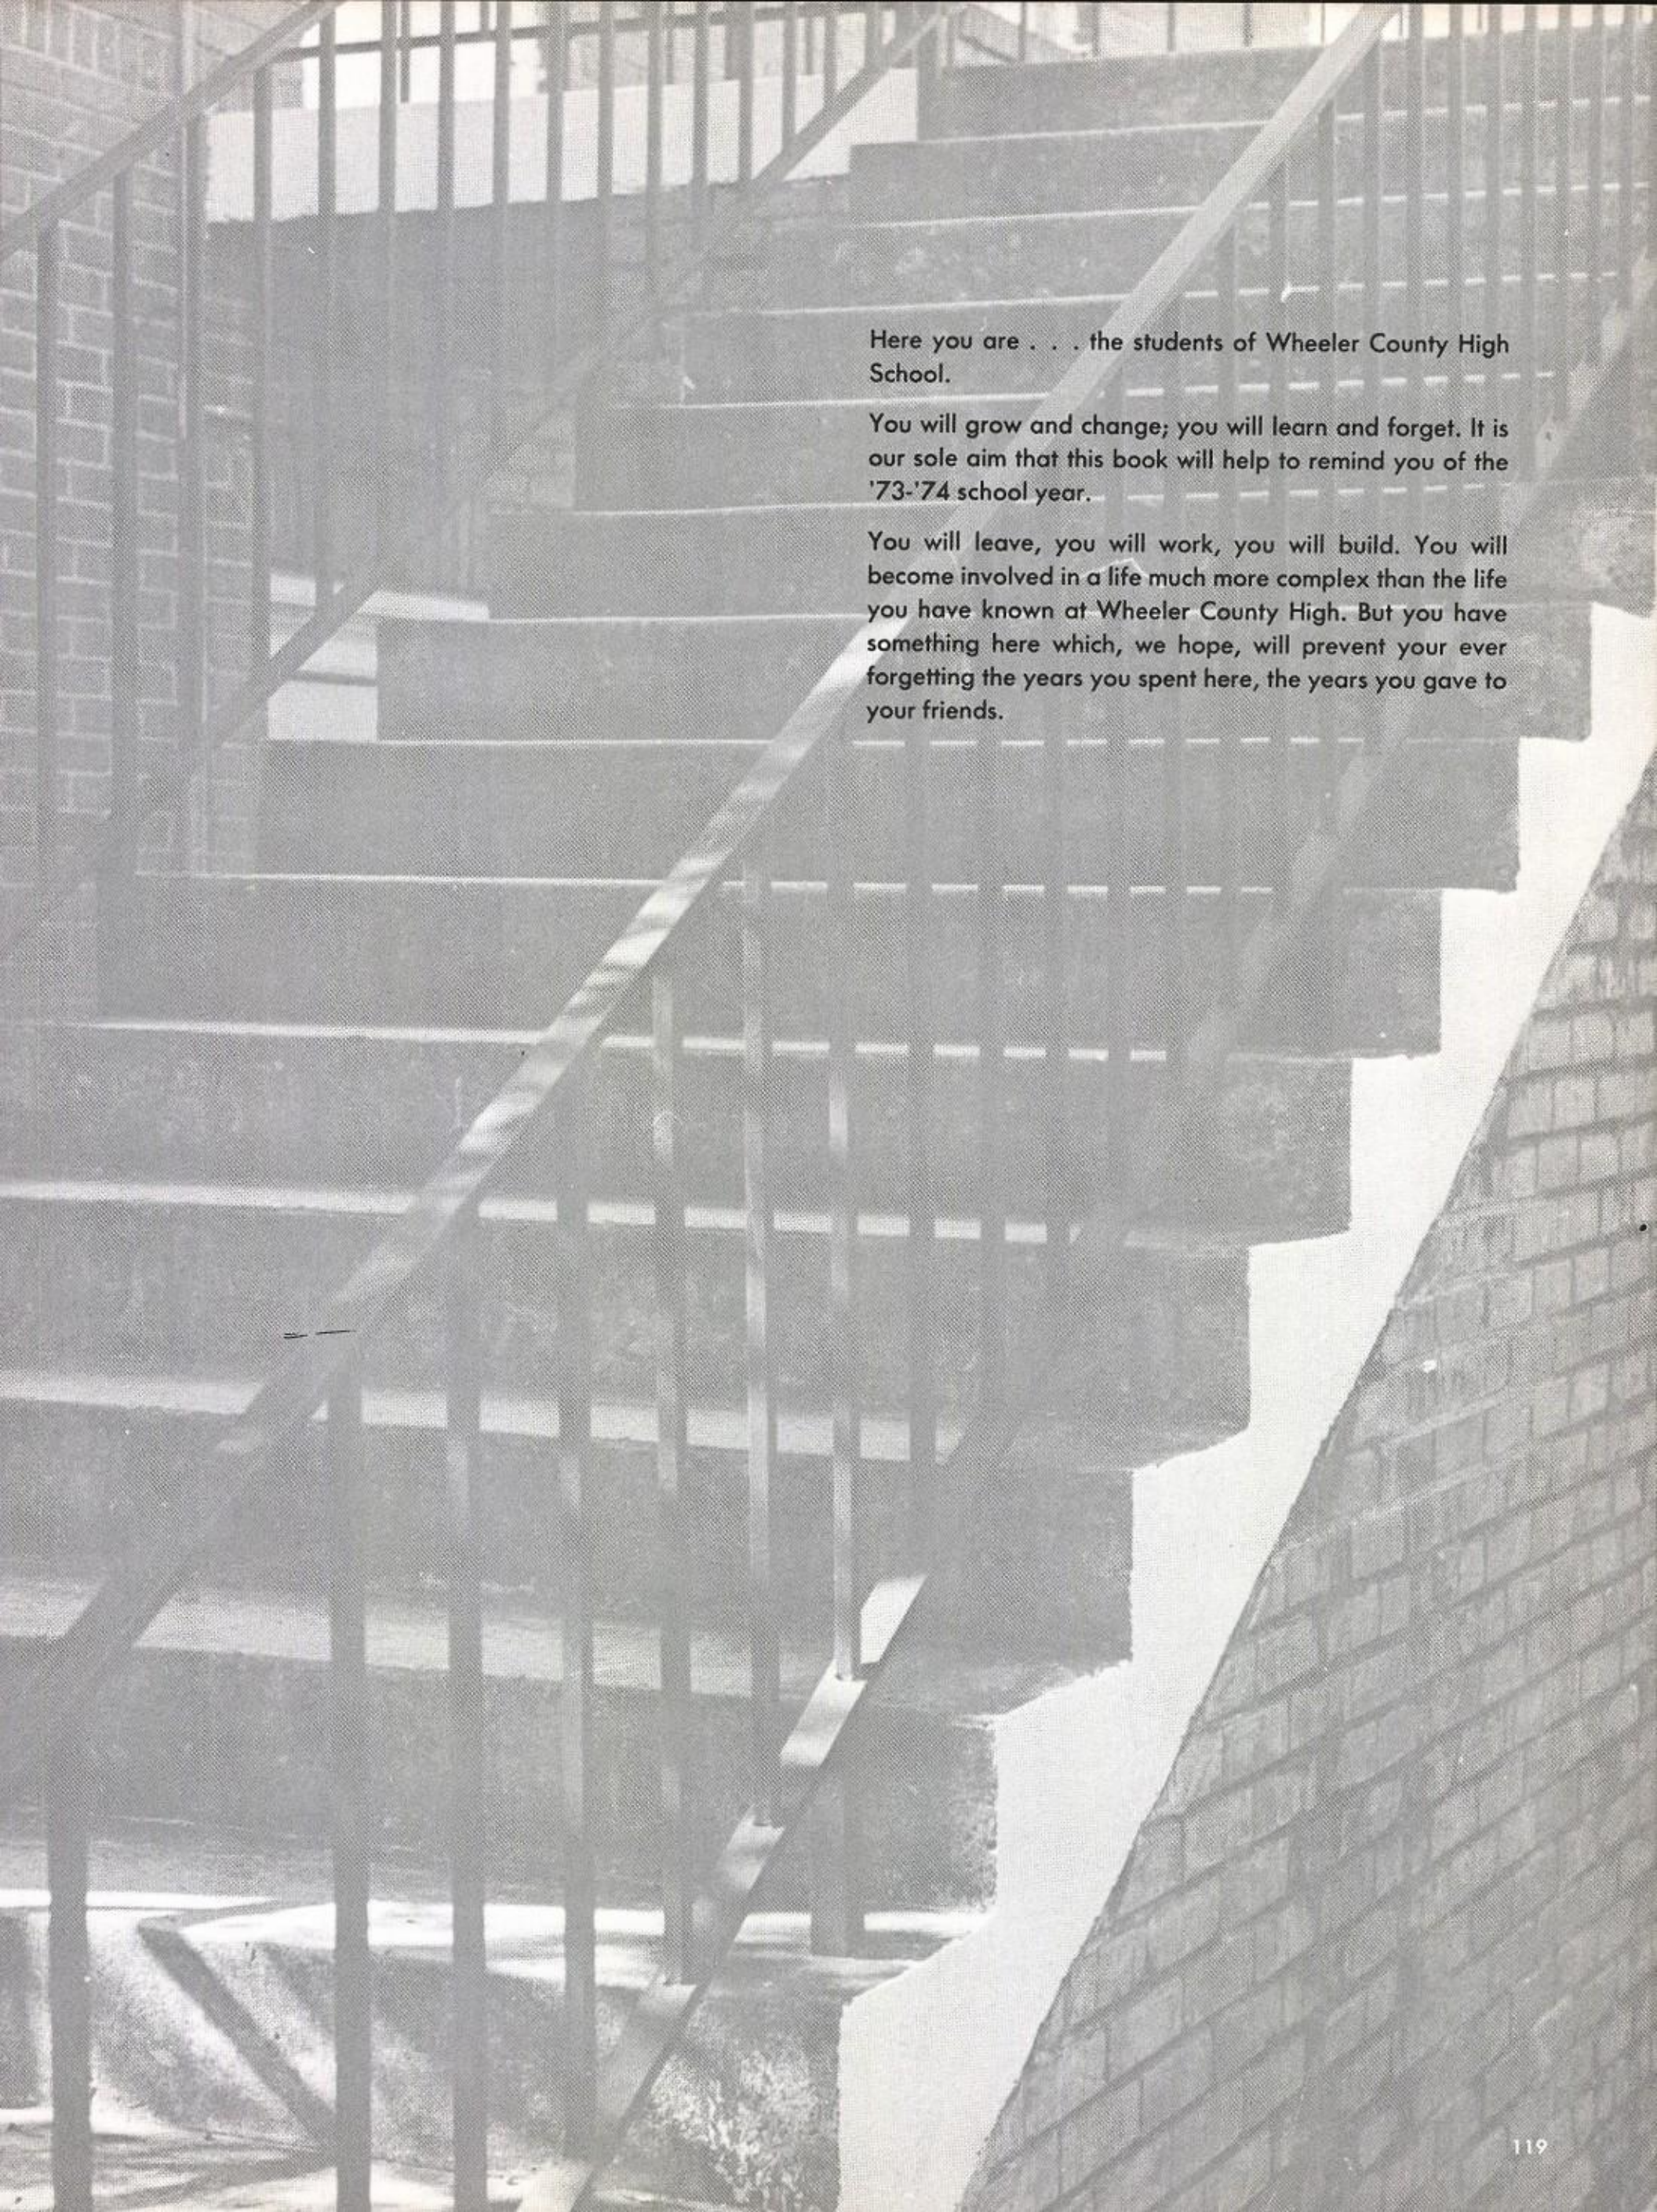
PALMER'S FURNITURE
Vidalia, Georgia



Here you are . . . the students of Wheeler County High School.

You will grow and change; you will learn and forget. It is our sole aim that this book will help to remind you of the '73-'74 school year.

You will leave, you will work, you will build. You will become involved in a life much more complex than the life you have known at Wheeler County High. But you have something here which, we hope, will prevent your ever forgetting the years you spent here, the years you gave to your friends.

Autographs

It was a very good year!
